PREAMBLE

This Contract is made and entered into this 11th day of December, 1995, by and between the State of Minnesota/Minnesota State Colleges and Universities, hereinafter called the Employer, and the Minnesota Community College Faculty Association, hereinafter called the Association, and has as its purpose the promotion of effective and harmonious relations between the Employer and the Association; the furtherance of quality education by maintaining a high standard of academic excellence and efficient governmental services; the establishment of an equitable and peaceful procedure for the resolution of complaints and grievances without interruption of work and interference with the efficient operation of the colleges; to maintain and increase quality of services; and the establishment of a formal understanding relative to all conditions of employment.

ARTICLE 1 **RECOGNITION**

The Employer recognizes the Association as the exclusive representative for all instructors, counselors, and librarians who meet the statutory definition of public employee as contained in BMS Case No. 83-PR-1219-A. (See Appendix A).

The term "faculty member" when used hereinafter in the contract shall refer to all employees within the designated bargaining unit and the reference shall include both male and female faculty members.

The Employer will not during the life of this Contract meet and negotiate or meet and confer relative to terms and conditions of employment with any employee or group of employees who are covered by this Contract except through the exclusive bargaining representative.

If titles are created during the life of this Contract, or if existing faculty positions are moved into the classified service or unclassified administrative service, the chancellor or designee shall give the Association President or designee written notice at least fourteen (14) calendar days in advance of actual implementation. The parties will meet prior to implementation if the Association requests and will attempt to agree on the inclusion or exclusion of the new title or position. If the parties cannot agree, the question will be submitted to the Director of the Bureau of Mediation Services for a determination of the inclusion or exclusion of such title.

ARTICLE 2 **STRIKES AND LOCK-OUTS**

Section 1. Lock-Outs. No lock-out of faculty members shall be instituted by the Employer during the term of this Contract.

Section 2. No Strikes. The Association agrees that it will not promote or support any strike as defined in Minnesota Statutes 179A.03, Subdivision 16, except as provided in Minnesota Statutes 179A.18, Subdivision 1. Any faculty member who knowingly violates the provisions of this section may be discharged or otherwise disciplined.

ARTICLE 3

ASSOCIATION DEDUCTIONS

Section 1. Dues Check-Off. The Employer agrees to cooperate with the Department of Finance and the Association in facilitating the deduction of membership dues established by the Association from the salary of each faculty member who has authorized such deduction in writing. The aggregate deductions of all faculty members shall be remitted together with an itemized statement to the Association office no later than 15 days following the end of each payroll period.

Section 2. Fair-share Check-Off. In accordance with Minnesota Statute 179A.06, Subdivision 3 the Association may request the Employer to check-off a fair-share fee for each member of the unit who is not a member of the Association.

Section 3. Indemnity. The Association agrees to indemnify and hold the Employer harmless against any and all claims, suits, orders or judgments brought or issued against the Employer by a faculty member as a result of any action taken or not taken in accordance with the provisions of this Article.

Section 4. Faculty Member Lists. Each campus shall notify the Association President or designee of all faculty members added to or removed from the bi-weekly payroll. The bi-weekly personnel status report shall be transmitted to the Association president or designee no later than one (1) week following the end of the payroll period. When no such personnel transactions have taken place, the report shall so state. The employer shall provide the Association with a copy of the uniform letter of appointment used to hire each faculty member.

ARTICLE 4

NON DISCRIMINATION

Section 1. Equal Application. The provisions of this contract shall be applied equally to all faculty members in the bargaining unit without discrimination as to race, creed, religion, color, national origin, age, physical disability, reliance on public assistance, or sex unless sex is a bona fide occupational qualification, marital status, political affiliation, sexual preference, or any other class or group distinction.

The parties are committed to ensuring an educational and employment environment free of harassment and violence of any kind.

Section 2. Employer Responsibility. The Employer accepts its responsibility to ensure equal opportunity in all aspects of employment for all qualified persons regardless of race, creed, religion, color, national origin, age, physical disability, reliance on public assistance, sex unless sex is a bona fide occupational qualification, marital status, political affiliation, sexual preference, or any other class or group distinction. The Employer will not interfere with the rights of faculty members to become or not to become members of the Association, and there shall be no discrimination or interference, restraint, or coercion by the Employer or any Employer representative against any faculty member because of Association membership, non-membership, or any faculty member activity in an official capacity on behalf of the Association which is in accordance with the provisions of this Contract.

Section 3. Association Responsibility. The Association accepts its responsibility as the exclusive bargaining representative and agrees to represent all faculty members in the bargaining unit without discrimination as to race, creed, religion, color, national origin, age, physical disability, reliance on public assistance, sex unless sex is a bona fide occupational qualification, marital status, political affiliation, sexual preference, or any other class or group distinction.

Section 4. Grievability and Final Jurisdiction. Allegations of discrimination or harassment which violate Board Policy shall be reviewable through the process set forth in the MnSCU System Procedure 1B, Report/Complaint Investigation and Resolution. Aspects of the allegations and the process, other than the discipline resulting from them, are grievable but not arbitrable. The provisions of the grievance procedure in Article 24 are available to a faculty member who challenges a disciplinary action taken by the Employer for conduct which violates the Board Policy referenced in this Section. The parties recognize that final jurisdiction for resolving allegations of discrimination or harassment beyond the review process established in the System Procedure described above rests exclusively with various State and Federal agencies and the judicial process.

Section 5. Voluntary Mediation of Disputes. The Association and the Employer agree to offer a voluntary mediation option for dispute resolution in situations where the allegations of discrimination or harassment involve faculty only. No individual shall be required to participate in such a process.

ARTICLE 5 MANAGEMENT RIGHTS

It is recognized that except as expressly stated herein the Employer shall retain whatever rights and authority are necessary for it to operate and direct the affairs of the colleges in all of their various aspects, including but not limited to, the educational policies of the colleges; the right to select, direct, and assign faculty members; to schedule working hours; to determine whether goods or services should be made or purchased; to make and enforce reasonable rules and regulations affecting terms and conditions of employment that are uniformly applied and enforced in accordance with the provisions of the rules or regulations. Any term or condition of employment not specifically established by this Contract shall remain solely within the discretion of the Employer to modify, establish or eliminate.

ARTICLE 6 ASSOCIATION RIGHTS

Section 1. Communications. Copies of all communications distributed generally to faculty members by the board office or a college shall be supplied to the Association at the same time. The Association shall designate its address for this purpose.

Section 2. Use of Facilities. The Association and its representatives shall have the right to use the college facilities for purposes of holding meetings and for carrying out the Association's business. Facilities for purposes of this section shall mean meeting space and equipment normally used by the faculty. If consumable supplies or classified or student help of the college are used by the Association, such use requires prior approval and reimbursement to the college for costs involved with such use. Utilization of space by the Association requires advance request and utilization of facilities in general is dependent upon the availability for such use.

Section 3. Transaction of Business. Duly authorized representatives of the Association shall be permitted to transact official Association business on college premises at reasonable times, provided that this shall not unduly interfere with nor interrupt the operations of the college. The Association may use the college distribution service and faculty member mailboxes for communications to faculty members.

Section 4. Bulletin Boards. The Association shall have the right to post announcements and notices of its activities and concerns on faculty member bulletin boards. One bulletin board on each campus will be at a location mutually agreeable to the local association chapter and the college president or designee.

Section 5. Association Local Committees.

Subd. 1. Structure of the Committees. The Association shall establish from one to six committees. Membership on each committee shall not exceed six. The number of committees may be limited to three at the college president's request or to a lesser number with local association agreement. Committees will be assigned responsibility for one or more of the following topic areas: Personnel, Student Affairs, Curriculum, Community Service, Facilities, Fiscal Matters, and General Matters. The meet and confer process is recognized as being a significant and necessary part of the local campus operation.

Subd. 2. Authority of the Committees. Each committee will have full authority in the assigned area to present the views of the faculty members in meetings with the college president or designee and a committee of not more than five additional administrators.

Subd. 3. Procedures of the Committees. Meetings shall be scheduled monthly during the academic year and may be held at additional times by mutual consent of the college president or designee and the chairman of the local association committee. The agenda for each meeting shall be prepared and distributed by the college president or designee at least one week before the meeting, and shall contain all items submitted by the chairman of the association committee and the college president or designee. Within two weeks after each meeting the college president or designee will announce to the faculty members agreements reached and/or actions taken as a result of discussions at the meeting. A written rationale of agreements reached and/or actions taken will accompany the announcement, or the college president shall state the rationale at the next meet and confer meeting.

Subd. 4. Matters Which Must Be Considered. Proposals in the areas of the college budget, faculty activities during scheduled duty days, new program proposals, faculty proposals to discontinue a non-credit course, proposals to eliminate courses or programs, any reduction in unlimited faculty members, college organization, and changes in academic standards or credit offerings in existing programs will be considered at a meet and confer meeting. Reductions in unlimited faculty members must be discussed prior to the actual date of layoff. If agreement is not reached at that meeting, the proposal shall be reconsidered at the next meet and confer meeting before action by the local administration.

Proposals initiated by the college administration to create or change existing policies and/or rules and regulations affecting faculty members will be submitted in writing to the local association for reaction before a final decision is made by the college administration.

Subd. 5. State Assistance. Sincere efforts shall be made to reach agreement. If the local association or the administration feels that sincere efforts to reach agreement or understanding have not been made in meet and confer, the local association may request that the state Association bring issue(s) to the next monthly meeting of the MnSCU/MCCFA Labor Relations Committee.

Subd. 6. Alternative Committee Structure. As an alternative to the above, a different system of local association involvement in campus governance may be agreed to between the local association and the college president. Such agreement shall not in any way regulate or control the right of selection or participation by the local association but shall be confined to the design of the structure and its operational mode. Any alternative system of local association involvement in campus governance must be approved by the state Association and the chancellor.

Subd. 7. Arrowhead Region. Regular meet and confer will continue for policies or decisions made at the campus level. Meet and confer will take place at the regional level for policies and decisions made at the regional level. The regional faculty meet and confer committee will consist of two Association representatives from each college who are certified by the state Association. The regional administrative meet and confer committee will consist of the A.C.C.R. president, the six chief college administrators and no more than four other representatives of the state who are certified by the Chancellor. The regional meet and confer meetings will rotate among the five colleges and the A.C.C.R. shall provide either transportation or mileage reimbursement for the Association representatives. The regional meet and confer committee shall meet quarterly, or more often by mutual agreement.

Section 6. Association State Committee. The state Association shall establish a committee of no more than eight members to meet and confer with the Chancellor of the Minnesota State Colleges and Universities and the Chairman of the Minnesota State Colleges and Universities Board of Trustees. This meet and confer shall be for the purposes of discussion and mutual exchange of ideas regarding statewide matters which are considered significant by the state Association or the Employer. The Employer shall provide the facilities and set the time for such conferences to take place, and such conferences shall be held at least three times a year. The agenda will be prepared and distributed one week in advance by the board President or designee and will include all items submitted by the state Association. The agenda shall also include all items submitted by the board President.

Section 7. Access to Information. Upon request the Employer or the Employer's designees agree to provide the Association at state and local levels information available to them concerning the professional staffing and financial resources of the Minnesota State Colleges and Universities, including routine reports, registry of professional personnel, tentative budgetary requirements and allocations, agendas and minutes of board meetings, names and addresses and position on the salary schedule of all faculty members in the bargaining unit, and such other information requested by the Association in contract matters or in the processing of a grievance.

Section 8. Delegate Assemblies. A delegate to the MCCFA and/or the MEA delegate assembly will be excused one day for each assembly provided that the faculty member has notified the college president or designee as to the dates of the planned absence before the start of the quarter in which the assembly is scheduled. Up to seven (7) delegates from the community colleges will be excused to attend either the NEA representative assembly or the NEA Higher Education Conference for three (3) consecutive working days provided that the faculty member has notified the college president or designee as to the dates at least one month before the planned absence.

ARTICLE 7

REPRESENTATIVES

Section 1. Administration of Contract. The Employer agrees that the association grievance representative on each campus shall be provided the opportunity to investigate and process grievances and the local association president on each campus shall be provided the opportunity to confer with the college president or designees concerning the provisions and application of this contract. Meetings with the administration or arbitration-hearings regarding the processing of grievances shall be during the normal work day whenever practicable and the grievant, the association grievance representative and association local president shall not lose wages due to their necessary participation.

Upon request of the Association president, the college president shall afford release time not to exceed a total of two (2) courses per quarter with maximum of eight (8) credits per quarter to be shared by one (1) or more local association officers on each campus for the purposes of conducting Association duties. The Association shall reimburse the college for such release time at the part-time per-credit rate listed in Article 11, Section 7.

Section 2. Association Representatives Access to Private Telephones.

It is the intent of the community colleges to provide Association representatives with reasonable access to a private telephone when they are conducting Association business on campus.

Section 3. Certification of Campus Representatives. The names of any local association officers and representatives who may represent the faculty members in the administration of this Contract shall be communicated to the president on each campus by means of a copy of a certification from the Association to the chancellor's designee. The names of the Employer designees responsible for administering this Contract on the campus shall be communicated to the local association chapter by means of a copy of a certification from the chancellor's designee to the Association.

Section 4. Certification of State Representatives. The state Association president and other state Association representatives shall be certified in writing to the Employer by the state Association. The Employer designees responsible for administration of this Contract at the state level shall be certified to the state Association in writing by the Employer.

Section 5. Release Time for MCCFA President. The president of MCCFA shall be granted up to full release time from college assigned duties to conduct the business of the State Association.

The Association at its request may also provide for additional release time for the President for the 20% overload. The Association shall reimburse the Employer for the actual cost of the overload payment based on the President's actual salary schedule placement for the academic year.

The state Association president shall remain on the state payroll at the regular salary and lose no benefits. MCCFA shall reimburse the Employer for the state President's release time at the part-time per-credit rate listed in Article 11, Section 7 for the amount of release time granted.

The sabbatical shall be consistent with the applicable provisions of Article 16 Section 3.. However, the president's sabbatical shall be in addition to earned sabbaticals granted under Article 16, Section 3.

Section 6. Release Time For Other Association Officers. The Association may buy release time for up to three other officers. The amount of release time shall be specified by the state Association before the beginning of each academic quarter or at other times by mutual agreement. Such officers shall remain on the state payroll at their regular salary and lose no benefits. MCCFA shall reimburse the Employer for such officers' release time at the part-time per-credit rate listed in Article 11, Section 7 for the amount of release time granted. Effort will be made to schedule such officers' college duties to accommodate their Association responsibilities.

Section 7. Release Time For Faculty Association Representatives.

The parties agree that faculty members on the negotiating team and/or the Board of Directors shall be granted reasonable amounts of paid release time, to conduct contract negotiations, and/or attend Board of Directors meetings up to five (5) days per academic year under the following conditions:

- A. Faculty assignments are re-scheduled to another day and/or evening; or
- B. Alternate assignments/activities which can be accomplished in the absence of the instructor are assigned to the class; or
- C. The services of another faculty member are secured to assume the faculty member's obligations at no additional cost to the colleges.

Faculty members are responsible for making the appropriate arrangements, as discussed above. Such arrangements must be approved, in advance, by the college president or designee. Whenever possible, faculty members should request release time at least one week in advance. Faculty members who do not make arrangements for coverage of assignments or whose arrangements are not approved shall be granted unpaid release time.

The calendar shall contain 171 workdays. Three days shall be scheduled by the college president or designee for staff and/or curriculum development activities. Within this total, the college president may schedule staff development activities on designated days. There shall be no classes on holidays or on the two days when the state Association meets.

Section 2. Holidays. No faculty members will be scheduled to work on the following holidays: New Years Day, Martin Luther King's Birthday, President's Day, Memorial Day, Independence Day, Labor Day, Veterans Day, Thanksgiving Day, Christmas Day, and any other holidays provided by statute. When any of the holidays fall on Saturday, the preceding Friday shall be the holiday. When any of the above holidays fall on Sunday, the following Monday shall be the holiday.

Section 3. Summer Assignments.

Subd. 1. Summer Sessions. Each summer session shall consist of no more than 28 work days exclusive of holidays. Two summer sessions shall be considered the equivalent of one academic year quarter. It is understood that a faculty member may be offered the equivalent of nine (9) credits or two courses, whichever is greater, not to exceed ten (10) credits per summer in one or over both sessions in rotation order, subject to the overload provisions in Article 11, Section 10. The college administration after consultation with the faculty members in each assigned field shall determine course offerings for summer session.

Subd. 2. Rotation Order. Faculty shall be offered the opportunity to accept assignments offered within their assigned fields in the following order:

- A. Unlimited full-time faculty members who hold the assigned field and have held assignments in the assigned field within the past two academic years, on a rotation basis, by assigned field, with those with the most continuous service in each assigned field receiving first choice, except where faculty members have already established a rotation basis for each assigned field. The faculty member's choice shall be for assignments offered over both sessions when two separate sessions are held. Unlimited faculty members with two or more assigned fields shall be limited to inclusion on the rotation list for one assigned field only. Each faculty member will select the one assigned field summer session rotation list of his/her choice prior to the end of the Fall quarter of each academic year. The faculty member may change from one list to another, but shall be placed on the bottom of the newly elected rotation list when this option is exercised.
- B. If no unlimited, full-time faculty member qualified under paragraph A above accepts the assignment, unlimited full-time faculty with multiple assigned fields who hold another assigned field and have held assignments in that assigned field within the past two (2) years, on a rotation basis, with those with the most continuous service in each assigned field receiving first chance, subject to conditions of Subd. 3 below.

- C. If no unlimited full-time faculty member qualified under paragraphs A and B above accepts the assignment, unlimited full-time faculty who hold the assigned field and have not held assignments in the assigned field within the past two (2) years, on a rotation basis, with those with the most continuous service in each assigned field receiving first chance, subject to conditions of Subd. 3 below.
- D. If no unlimited full-time faculty member under paragraphs A, B and C above accepts the assignments, unlimited part-time faculty who hold the assigned field, on a rotation basis, with those with the most continuous service in each assigned field receiving first chance, subject to conditions of Subd. 3 below.
- E. If assignments are offered in an area for which no current unlimited faculty hold the assigned field, then the assignments shall be offered on a rotation basis to the unlimited faculty members who have held assignments in that assigned field in the previous two years. The initial rotation list will be established by calculating the total FTE in that assigned field which has been assigned to the faculty member within the previous two years.
- F. Other applicants, except that no assignments of other applicants shall be made if currently employed qualified "unlimited" faculty members have indicated their willingness to accept the assignment.

Subd. 3. Conditions For Rotation. If a faculty member elects not to accept an assignment, the list shall rotate. A faculty member who rejects an opportunity to select assignments in a summer session shall not receive another opportunity until the instructor comes up again in the rotation list. Faculty members are not entitled to "bump" other faculty if assignments selected do not go. If a faculty member's only assignment is canceled, he or she shall not move to the bottom of the rotation list. If the number of faculty members in an assigned field results in the same rotation ranking for two (2) consecutive years, the rotation list shall be adjusted prior to the second year to provide equal access to the top of the list.

Section 4. Extra Days

Subd. 1. Counselors. Counselors who accept extra days assignments in counseling beyond their academic year assignment shall have their work load for such extra days determined in the same manner as for the academic year.

Subd. 2. Librarians. Librarians who accept extra days assignments to perform normal library services beyond their academic year assignment shall have their work load for such extra days determined in the same manner as for the academic year

Subd. 3. Other Faculty. Any faculty member employed for extra days to perform services other than counseling for counselors, teaching for instructors, and library service for librarians shall be scheduled for an average of 7 hours during such extra days assignments.

Subd. 4. Rate of Pay. Offers of extra days shall be made in writing and agreed to in writing. Extra days employment shall be paid for at the rate of 1/171 per day of the faculty member's scheduled salary for that fiscal year for each full day worked.

Subd. 5. Limited Access. No assignment of extra days shall be made to other than unlimited faculty members if currently employed qualified unlimited faculty members are available and willing to accept the

assignment. However, if a temporary faculty member holds a position during the year which is so specific as to require continuance during the extra days period, such faculty member shall be allowed to have the extra days assigned.

Subd. 6. Offers. Extra days offered shall be scheduled consecutively insofar as is feasible unless the faculty member and the college president agree to a non-consecutive schedule. Notification of extra days employment during the summer shall be given no later than June 1.

Section 5. Alternate Calendars.

Subd. 1. Librarians. If a librarian in a college accepts at least twenty or more extra days during any fiscal year, by mutual consent of the faculty member who is offered twenty or more extra days and the administration of the college, the work days of the academic year may be different from and cover a period longer than the academic year agreed upon for the college. However, the total number of days shall be 171 plus the number of extra days offered.

Subd. 2. Counselors. If a counselor in a college accepts at least twenty or more extra days during any fiscal year, by mutual consent of the faculty member who is offered twenty or more extra days and the administration of the college, the work days of the academic year may be different from and cover a period longer than the academic year agreed upon for the college. However, the total number of days shall be 171 plus the number of extra days offered. Offers of extra days employment and/or alternate calendar proposals shall be made in writing and agreed to in writing.

Subd. 3. Instructors. The academic year calendar for an instructor may be different from the academic year calendar established for the college. The academic year for such faculty member shall conform to the number of days in the college calendar, and days may not be scheduled on the state Association meeting days. The alternate calendar must be agreeable to the college administration, the faculty member, and the local grievance representative.

ARTICLE 10 **WORK ASSIGNMENTS**

It is recognized that full-time faculty members normally average 40 or more hours per week in carrying out their professional responsibilities.. It is further recognized by the parties to this agreement that a community college faculty member's work assignment includes a number of diverse professional responsibilities. Classroom teaching and other contacts with students form the core of the faculty work assignment. Additionally, professional development and service to the college are the other core components of a faculty member's work assignment. A faculty member will plan to engage in such activities as: student advising, course evaluation, classroom preparation, the evaluation of student performance, committee assignments, classroom research, and community service as part of his/her overall work assignment. Some of these activities may be completed off campus. It is also recognized that the work assignments of part-time faculty include similar duties performed on a proportional basis.

Assignments by the Employer will be made within the following limits:

Section 1. Instructors

Subd. 1. Credits.

	<u>Per Quarter</u>	<u>Per Academic Year</u>
Credits (assigned to courses or equated credits)	16	45

An individual instructor may be assigned as many as 18 credits in a given quarter if this assignment is necessary to provide the course offerings within a specific program or department. The total credits assigned for the year shall not exceed 45, and any additional assignments beyond 45 shall be considered overload.

Subd. 2. Contact Hours.

	<u>Per Quarter</u>	<u>Per Academic Year</u>
Contact Hours	20	60

Contact hours above 20, but no more than 25 per quarter, are allowable by mutual written agreement between the instructor and the college president. However, the 60 hours per year limitation shall remain. Part-time faculty contact hour assignments shall be determined on a pro-rata basis.

Subd. 3. Science Laboratory Courses. Science Laboratory courses (Chemistry, Biology, Physics, Natural Science) shall be credited on the basis of one (1) credit for each one (1) lecture hour and one (1) credit for each two (2) laboratory hours. Credits for science laboratories shall be averaged over the academic year with totals in odd numbers being reduced to the nearest lower whole number.

Subd. 4. Preparation. When possible, without disrupting the normal class offerings, a maximum of three separate class preparations may be assigned. A faculty member normally will not be assigned more than nine (9) class preparations for classes of three or more credits in an academic year. A class counts as a separate preparation each quarter in which it is taught. More than nine (9) class preparations may be assigned with the approval of the individual instructor. When the number of preparation exceeds ten (10), the total credits assigned to the faculty member will be reduced by one (1) credit per each additional preparation.

Subd. 5. Office Hours. Each instructor shall post and maintain one office hour or hour of student availability in some other campus location per week for each three credits taught to a maximum of fifteen credits. Additional office hours or student availability may be scheduled at the instructor's option

Subd. 6. Class Size. The administration at each college shall establish through the meet and confer process, a regulation which sets a reasonable maximum class size for all instruction at the college.

Once the regulation is established, any change must be considered through the meet and confer process at least one quarter in advance, or unless the annual staffing allocation would necessitate a change in which case such change shall be considered as soon as it can be scheduled after the publication of the allocation.

Subd. 7. Non-Credit Instruction. When non-credit instruction is assigned as part of an instructor's load up to a full-time load, one CEU shall count as $\frac{2}{3}$ credit for the purpose of load computation.

Subd. 8. Elapsed Time. The average daily elapsed time per week from the beginning of the first assignment to the end of the last assignment shall not exceed 6 hours exclusive of self-assigned office hours. An individual instructor may be assigned a schedule in which the average daily elapsed time per week is increased to a maximum of eight hours if this assignment is necessary to provide the course offerings within a specific program or department. An individual instructor must approve any increase in average daily elapsed time per week. In any case, where a variation is implemented the college administration shall provide in writing to the instructor and to the local grievance representative the reasons why this assignment is necessary and reasonable.

Subd. 9. Class Schedules. Class schedules for each instructor shall be developed in each college by the administration based on consultation with the faculty member. Such schedules shall be provided to the faculty member in writing and shall include an itemization of all equated credit assignments.

Subd. 10. Combined Classes. An assignment to teach two or more classes of different content at the same time may be made only if requested by the instructor. If such an assignment is then made by the administration, the number of credits assigned to the instructor shall be the credits of the class with the greatest number of credits of those in this assignment plus one or one-half the total number of credits assigned for all the individual classes plus one, whichever is greater.

Subd. 11. Intern Supervision. When instructors are assigned to supervise students who are working as interns, the instructor shall be assigned credit(s) yearly as follows:

- A. One credit for each four students or fraction thereof if the number of credits for the course(s) is less than 6.
- B. One credit for each three students or fraction thereof if the number of credits for the course(s) is from 6 to 10.
- C. One credit for each two students or fraction thereof if the number of credits for the course(s) is 11 or more.

Subd. 12. Saturday and Sunday Assignments. Assignments to faculty members for Saturdays and Sundays shall be considered to be within the academic calendar. This provision does not include student activity assignments. Faculty members assigned to Saturday and/or Sunday shall have their schedules arranged to provide two (2) consecutive days in each week without assignment, if desired.

Subd. 13. Team Teaching. Team teaching assignments may be made by mutual agreement between faculty and administration. The faculty loads, both credits and contact hours, for instructors involved in team teaching shall be determined prior to the quarter in which the course is offered and must be agreed to by the administration and the faculty members involved in the course. In no case may the total faculty credits be fewer than the credits for the course, nor may the total faculty contact hours be fewer than those for students in the course.

Section 2. Librarians. Librarians, by assigned field, shall be responsible for the development and implementation of library/media services including summer coverage to support the mission and philosophy of each institution and to develop cooperatively with the administration, the goals and objectives for these services prior to the start of each academic year. Librarians on each campus among themselves shall

develop their methods of implementation for the purpose of accomplishing these goals and objectives. Priority will be given to services necessary to fulfill the educational needs of students and instructional needs of faculty. It is recognized that the quality and quantity of these services will depend upon the availability of staff and other resources. Librarians on each campus among themselves, after consultation with the administration, shall develop and post their hours of availability. When librarians perform teaching assignments their responsibilities shall be adjusted proportionately. Part-time librarian assignments shall be determined on a pro-rata basis.

Section 3. Counselors. Counselors, by assigned field, shall be responsible for the development and implementation of the counseling services including summer coverage to support the mission and philosophy of each institution and to develop cooperatively with the administration, the goals and objectives for these services prior to the start of each academic year. Counselors on each campus among themselves shall develop their methods of implementation for the purpose of accomplishing these goals and objectives. Priority will be given to services necessary to fulfill the educational needs of students and instructional needs of faculty. It is recognized that the quality and quantity of these services will depend upon the availability of staff and other resources. It is further recognized by the parties that:

- A. After consultation with the counseling department, the college president or designee decides when and where counseling services necessary to meet the goals and objectives shall be offered.
- B. Counselors on each campus among themselves shall decide which individuals shall work to cover the hours set by the college president or designee.
- C. In the event that Counselors are unable to decide which individuals shall work to cover the set hours, the college president or designee shall assign individual counselors.
- D. For each counselor, no more than twenty-five (25) hours of student contact hours of availability over a five (5) day week shall be scheduled, and no more than six (6) hours averaged daily elapsed time of student contact availability may be scheduled for an individual Counselor per week. When counselors perform teaching assignments their responsibilities shall be adjusted proportionately. Part-time counselor assignments shall be determined on a pro-rata basis.

Section 4. Other Assignments. Instructors, librarians, and counselors who are assigned full time to perform duties other than teaching, counseling duties, or librarian duties, or who are assigned to instructional labs which require no special advance preparation or evaluation which cannot be completed during the lab periods shall be responsible for scheduling 35 hours per week for the purposes of carrying out the development and implementation of services to support the mission and philosophy of their assigned field or area of assignment and to develop cooperatively with the administration the goals and objectives for these services prior to the start of each academic year or the start of an assignment. These individuals, or groups as is appropriate on each campus shall develop, after consultation with the administration, their hours of work and methods of implementation for purposes of accomplishing the goals and objectives.

Priority will be given to services necessary to fulfill the educational needs of students and the instructional needs of faculty. It is recognized that the quality and quantity of these services will depend upon the availability of staff and other resources.

If faculty members have a portion of their assignments in conformity with "Other Assignments" clause, then the balance of their assignment under the counselor, librarian, or instructor clauses of the contract will be reduced proportionately.

Section 5. Department and/or Division Coordinators. The president may establish through meet and confer at each college, department and/or division coordinator positions as needed based upon a community of interest. If such coordinator positions are established, the faculty members in each department and/or division may annually submit to the college president a list of at least two acceptable candidates for the position of department and/or division coordinator. The college president shall appoint the department and/or division coordinator from among the acceptable candidates. However, if none of these will voluntarily accept the appointment, or if no list is submitted, then the college president may select and appoint a department and/or division coordinator from the department for a one-year term

Department and/or division coordinators shall coordinate the activities of the department and/or division and may responsibly direct other members of the bargaining unit in their department and/or division only but may not exercise other supervisory responsibilities as defined by-M.S. 179A.03, Subdivision 17.

The administration at each college shall establish, through the meet and confer process, the tasks and responsibilities which will be assigned to each department and/or division coordinator. After these tasks and responsibilities have been established, a reasonable credit equivalence shall be assigned to department and/or division coordinators for their coordination responsibilities. If there are ten or fewer F.T.E. faculty positions in the department/division, the credit equivalence shall be no less than three per quarter unless the chapter president, coordinator, and college president agree in writing to a lesser amount. If there are more than ten F.T.E. faculty positions in the department/division, at least one additional equated credit per quarter shall be assigned for each additional ten F.T.E. faculty positions or fraction thereof. Normally the equated credits will be used in determining release time from other assignments. However, in cases where the release time cannot reasonably be granted without undue disruption of the responsibilities of the department/division, the administration may elect to pay for the equated credits as overload pay. Also, the administration may in such cases elect to assign part of the equated credits as release time and the rest as overload pay.

Department and/or division coordination overload pay may exceed the 1/5 overload limitation; but if it does, such department/division coordinator shall not be eligible for additional overload pay extra weeks, or summer school.

Section 6. Occupational Program Coordinators. The college president or designee may determine that an occupational program shall have a coordinator who shall responsibly direct other members of the bargaining unit in the program but not exercise other supervisory responsibilities as defined in M.S. 179A.03, Subdivision 17. Such coordinator shall be selected and appointed by the president and be given a minimum credit equivalence of three credits per quarter unless the chapter president, coordinator, and college president agree in writing to a lesser amount.

Section 7. Independent Study Assignments. Independent study assignments shall be defined as the faculty member's supervision of a course, for a student, which has been approved by the college's regular course approval procedures, or shall be defined as the tutoring of a CBE (Competency Based Education) student. Upon agreement of the faculty member and the college president or designee, the faculty member's quarterly load may include independent study assignments. A faculty member who agrees to accept additional independent study or CBE assignments as overload shall be paid at the rate of 1/675 of schedule salary for each student credit or CBE unit. Independent study may not be used to substitute for course offerings unless agreed to by the faculty member and administration. Such agreement must include approval of the local grievance representative when the number of students exceeds three students per course per quarter.

Section 7. Student Activity Assignments. Student activity assignments to faculty members shall be given an equitable credit equivalence on each campus according to the following:

2. Minor Publication - a publication which requires fewer than three publications per quarter. 3 credits per quarter

Subd. 2. Non Uniform Activity Assignments. The credit equivalency for all activities not stated in Section 8 subd. 1 above shall be one credit for every 20 hours anticipated with students in any of the following: practice, rehearsal, performance, instruction, and activity supervision. (This would include such activities as forensics, costuming, choreography, technical directing or stage managing of non-theatre activities, intramurals, drill-dance teams, cheer leading, and others not listed.) The assignment is actually to be made in credit equivalencies, not as a total number of hours to be devoted to all aspects of the activity. The determination of anticipated contact hours is merely a method for arriving at the credit equivalency.

Subd. 3. Variation of Equated Credits. Variance from the listed number of equated credits may be requested through the following process:

- A. After discussion at local meet and confer, variations of equated credits may be requested by the college president provided that justification is included which clearly demonstrates the need or desirability for such variations. The requests and justification will be made in writing to the chancellor.
- B. Both the chancellor and the state Association must agree to the variance prior to implementation. If such variation is approved, that fact and the reasons for it shall be posted on official bulletin boards.

Subd. 4. Scheduling Activities and Credit Determination. The faculty member shall have responsibility for scheduling the activity in cooperation with the college administration. However, the actual contact hours of the activity will not be counted in the determination of the faculty member's classroom contact hour limitation.; instead the annual classroom contact hours limitation for faculty members assigned activities will be reduced by the same proportion that the equated credits are of 45. The classroom contact hours reduction shall be applied in total to the quarter in which the activity assignment occurs unless requested by the faculty member and agreed to by the administration. The administration will endeavor to schedule classes for faculty members having student activity assignments at such times that the combination of classes and activities will result in reasonable elapsed time.

Section 9. Reasonable Credit Equivalence. Any assignment given faculty members by the administration which is not otherwise within the load description of Article 10 shall be given a reasonable credit equivalence, e.g., art gallery.

The actual hours of assignment will not be counted in the determination of the faculty member's contact hour limitation. Instead, the annual classroom contact hours limitation for faculty members given assignments which are not within the load description will be reduced by the same proportion that the equated credits are of 45. The classroom contact hours reduction shall be applied in total to the quarter(s)

in which the assignment(s) occur(s). The administration will endeavor to schedule classes for faculty members having assignments which are not within the load description at such times that the combination of classes and other assignments will result in reasonable elapsed time.

Section 11. Distance Learning. The intent of distance learning, including telecourses, is to provide access for students to instruction and services. Tapes or other materials developed expressly for distance learning may not be reused without the instructor's permission. The instructor shall not be responsible for the maintenance of equipment. The terms of this contract shall apply to faculty that are providing such services.

ARTICLE 11 **WAGES**

Evaluation of faculty for salary placement in accordance with this agreement will be conducted in the Minnesota State College and Universities System-office, and all applicants who are offered employment shall at the time of the offer be so notified in writing. A faculty member and the MCCFA President or designee shall be notified concurrently in writing of the final column and step determination.

Section 1. Step Placement. Initial step placement shall reflect the number of years of experience for which credit is given. Credit for full-time teaching experience and/or relevant work experience (as determined by the chancellor or designee) shall be granted on a 1 for 1 basis according to the aggregate of experience. Credit for military experience shall be granted only in cases where the faculty member leaves the college for military service and returns to the college after completion of the service and then shall be on a 1 for 1 basis. Initial placement shall not exceed Step 04.

"Initial" step placement may exceed Step 04 when a college takes over a program from another institution and also takes over the faculty members in the program, in which case the Employer may allow placement above the steps defined above providing the placement is not more than the next step above the faculty member's former salary. Step placement may also exceed Step 04 when new faculty members who have previously been employed as unlimited full-time, unlimited part-time, or temporary full-time faculty by the Community Colleges are reemployed. Such faculty members shall be placed on the salary schedule as if their step movement had not been interrupted if the faculty member has relevant interim work experience on a one year for one step basis.

System administrators who are appointed to faculty positions shall be granted step placement based on their experience at the time of initial hire as an administrator, plus one (1) additional year of credit on the salary schedule for each year of administrative experience in Minnesota State Colleges and Universities.

If a temporary part-time faculty member whose previous employment was limited to the per-credit rate of pay is employed as a probationary faculty member, such faculty member shall be given credit for all appropriate experience including the work in the community colleges subject to the limitations in paragraph one of this section.

Step placement for any faculty member shall be determined and implemented at the beginning of any quarter-or of the extra weeks which precede the quarter.

Full time appropriate employment for one academic year shall count as one year of experience and all time worked may be counted, but in no instance can more than one year of experience credit be earned in a fiscal year.

Section 2. Column Placement. Column placement shall reflect the amount of preparation for which credit is given. Column placement for new faculty members shall be established and shall go into effect at the beginning of employment.

All faculty members who do not possess the academic credentials described below shall be placed at Column I.

Column II. Master's Degree "in the assigned field," or a Master's Degree with 23 graduate quarter credits in the "assigned field," or Bachelor's Degree plus 70 graduate quarter credits or equivalent semester credits with 42 graduate quarter credits in the "assigned field," of which 12 graduate quarter credits may be in allied or related fields, and an average grade of "B."

Column III. Seventy (70) graduate quarter credits or equivalent semester credits beyond the Bachelor's Degree, including the Master's Degree, with 47 graduate quarter credits in the "assigned field," of which 12 graduate quarter credits may be in allied or related fields, and an average grade of "B."

Column IV. Ninety (90) graduate quarter credits or equivalent semester credits beyond the Bachelor's Degree, including the Master's Degree, with 60 graduate quarter credits in the "assigned field," of which 15 graduate quarter credits may be in allied or related fields, and an average grade of "B," or a Doctor's Degree with a major in the "assigned field."

Advanced professional degrees, e.g. a law degree, may substitute for the Master's degree for column movement beyond Column II if all other requirements are met. An accounting faculty member with a C.P.A. shall be placed on Column II when the faculty member holds a B.A. degree in Accounting, but will have to meet the other requirements for Column III and Column IV.

Subd. 1. Graduate Credits. Credits will be considered to be graduate level credits if such credits are granted by a recognized institution of higher education which grants graduate level degrees and courses are taken for graduate credit by the faculty member.

Professional school credits may count as graduate credits if they are in the "assigned field" of the faculty member.

Undergraduate credits if approved by the chancellor-or designee, prior to enrollment in the course, may be counted as "in field" graduate credit.

Undergraduate credits in computer sciences up to a maximum of nine (9) quarter credits shall be counted as graduate level credits "not in the assigned field."

Subd. 2. Column Change and Documentation. Column placement change for faculty members may be made at the start of any quarter-or of the extra days or weeks which precede the quarter. Column placement change must be documented and established as follows:

- A. The faculty member must provide to the chancellor or designee in the board office a written statement of intent to change columns, with either copies of official transcripts to document a column change or a written statement verifying that requirements for a column change have been completed prior to the start of the quarter. This material shall be delivered before the start of such quarter or sent by certified mail prior to the start of such quarter.
- B. When documentation for a column change is provided and a column change is approved by the chancellor or designee, the salary of the faculty member will be adjusted accordingly and such adjustment will apply retroactively to the start of the faculty member's assignment for the quarter referred to in (1) above or the weeks attached to such quarter.
- C. Column changes based on changes of assignment/assigned field may occur at the beginning of any academic quarter.

A change of the assignment/assigned field shall not result in a decrease in pay for a faculty member.

Subd. 3. Credits in Assigned Field. Credits will be counted as in field if:

- A. The college department offering the course has the same name as the assignment/assigned field of the faculty member.
- B. The course title indicates that the course is intended for the faculty member's assignment/assigned field, or
- C. The course description states that the course is intended specifically for the assignment/assigned field, or
- D. The faculty member has received written approval from the chancellor or designee prior to taking the course, or
- E. The courses taken are education courses specifically directed at the assignment/assigned field.
- F. Three (3) in-field credits are granted for graduate coursework which is skill based and directed toward improvement of teaching.

When the name of the assignment/assigned field of a faculty member is not the same as that of an academic department such as history, sociology, etc., and is an assignment/assigned field which cuts across disciplinary lines, then the determination as to which credits will count as in field for such a faculty member will be determined by the chancellor or designee.

When the assignment/assigned field is in an occupational area which does not have sufficient credit courses available for column placement or movement, the faculty member's column placement or movement shall be determined by the chancellor or designee based upon a combination of the following alternative learning experiences of the faculty member:

- A. Training in advanced techniques in the faculty member's field.
- B. Appropriate in-field experiences.

- C. Professional activities which have an equivalent learning effect.

When such a faculty member applies, the application for a column change shall be evaluated by the chancellor or designee on the basis of additional training and/or experience gained after original placement, and if merited, a column change shall be granted. Such training and/or work experience in field must be approved in advance by the chancellor or designee in order to count toward such a column movement.

Subd. 4. Allied or Related Credits. Credits will be counted as allied or related if:

- A. The course meets "in field" criteria in areas of assignment when the faculty member is currently teaching in that assignment on a regular basis or the college president verifies that the faculty member will be teaching in that assignment on a regular basis in the future.
- B. The college department offering the course has a different name from the assignment/assigned field and the course is related or allied to the assignment/assigned field.
- C. The courses and credits are in compliance with the statement that education courses specifically directed at the community college, three (3) quarter credits in Psychology of Learning, and three (3) quarter credits in Measurement in the Classroom.
- D. In the case of librarians, up to 12 graduate quarter credits in a combination of two or more academic disciplines may be counted "in field" for movement to Column III, and up to 15 graduate quarter credits in a combination of two or more academic disciplines may be counted as in "other assignments" for movement to Column IV.

Section 3. Step Movement. Any continuous additional step movement after "initial placement" shall be earned only by counting subsequent experience in the Community Colleges. For 1995-96 and again for 1996-97, each faculty member not at the maximum step on the salary schedule, and who meets the requirements for step movement, will be moved to the next step. Step movement shall be aggregate of experience after initial placement in the Minnesota community colleges except as provided for in Articles 12 and 13. For full-time faculty members, one (1) academic year shall count as one (1) year of experience regardless of the actual credits taught.

If a probationary faculty member at the time of hiring has a total experience which is in fractional years and if that faculty member is hired after the commencement of the Fall quarter, the fractional year of experience may be combined with the experience in the system for purposes of step movement for the following academic year.

Section 4. Salary Schedules. The salary schedule for the 1995-96 academic to be effective at the beginning of Winter quarter of the 1995-96 academic year shall be as follows:

12	39,970	46,490	49,200	53,310

Section 5. Miscellaneous Wages. Non-credit teaching, if not part of assigned load, shall be paid to faculty members on the same basis as to others with like assignments.

Miscellaneous duties paid for from the all college fund shall be paid to faculty members on the same basis as to others with like assignments. Payment for assignments for mentoring/monitoring instruction in the College/High School credit programs shall be paid on a pro-rata credit equivalent basis as defined in Article 10, Section 9.

Faculty members shall be paid for assessment of competencies for credit at the rate of \$10.00 per-credit.

Section 6. Summer Session Wages. A faculty member employed for the summer session(s) shall be paid on the basis of the number of credits taught. Unlimited full-time and unlimited part-time with a minimum guaranteed percentage of 36% or more, and other faculty members teaching more than four (4) credits for the summer session, shall be paid a pro-ration of the faculty member's salary schedule for the previous

academic year. The basis for the proration of the faculty member's salary shall be the 1994-95 salary schedule during the summer sessions 1996 and 1997.

Section 7. Part-Time Faculty Wages. Prior to offering a part-time appointment, the applicant(s) shall provide the college with information pertaining to current or anticipated employment at another community college. Temporary faculty members and unlimited part-time faculty members with a minimum guaranteed percentage of less than 36%, teaching more than five (5) credits per quarter during an academic year shall be paid a pro-ration of the appropriate position on the salary schedule for that academic year. Except for temporary full-time faculty, contracts shall be quarter by quarter.

Temporary part-time faculty members and unlimited part-time faculty members with a minimum guaranteed percentage of less than 36%, who teach five (5) credits or less per quarter shall be compensated at the rate of \$350 per-credit in 1995-97

Unlimited part-time faculty members will be paid according to credits taught on a quarter by quarter basis. Unlimited part-time faculty members whose assignments do not meet their minimum guaranteed appointment, will be compensated for the balance of their appointment in the Spring quarter. However, unlimited part-time faculty members may be given additional assignments consistent with Article 10 to meet the minimum guaranteed appointment.

Section 8. Applied Music.

Subd. 1. Credit Equivalency. Part-time music instructors who also teach applied music during the academic year will receive credit equivalency of one credit for every five students with each student being equal to 1/5 of a credit.

Subd. 2. Private Lesson Rate. Applied music instruction provided by part-time instructors who teach only applied music shall be paid at the rate of at least \$85 per quarter for each one-half (1/2) hour lesson per week.

Subd. 3. Uniform Application. The applied music instruction pay rate shall be applied uniformly at the college.

Section 9. Coaching Salaries. Coaches and assistant coaches shall receive pro-rata pay when coaching a student activity whose credit equivalency exceeds four (4) credits. The credits allocated may be distributed over two quarters whenever the actual season of the activity occurs over two quarters. When a student activity has more than one assistant coach assigned, the credit equivalency will be divided between/among coaches to reflect the assignment.

Section 10. Overload Assignments.

- A. An overload assignment shall be defined as any assignment to a faculty member which exceeds the workload assignment limitations in this agreement. Overload assignments must be mutually agreed upon by the faculty member and the college president.
- B. The total payment for non-credit teaching, summer school teaching, overload, and extra days shall not exceed 1/5 of the faculty member's schedule salary, except in cases where the conditions of an outside grant requires additional days, or except as specified in Article 10, Section 5. The 1/5 total for a

given year refers to the academic year, the extra days assigned during the fiscal year in which the academic year occurs, and the summer session(s) following the academic year.

- C. When offered to a full-time unlimited instructor, overload shall first be offered within the assigned field, except where provisions of a grant require an exception to this provision.
- D. The exceptions in paragraph B above shall include grants and honoraria, including those from college foundations, for which faculty apply competitively and which are dispersed through payroll. These activities must be non student contact. C.B.E. evaluation payments and substitute faculty work shall count toward the overload restriction. The guiding principle is that whenever assignments require student contact, approval for exception to the 1/5 restriction must be granted prior to the assignment. The previous two memoranda on minority interns and Bush grants remain in effect.

Section 11. Appeals. Any grievances filed under this article shall be filed initially at Step 02 of the grievance procedure consistent with time limits provided therein.

ARTICLE 12

LEAVES OF ABSENCE WITH PAY

Section 1. Communicating Absence. A faculty member who finds it necessary to be absent shall communicate with the community college official to whom the faculty member is responsible, in advance whenever possible.

Section 2. Sick Leave. Upon initial employment each full-time faculty member shall be credited with twenty (20) days of sick leave allowance. At the beginning of the third academic year of employment and each academic year thereafter, each full-time faculty member shall be credited with ten (10) days of sick leave allowance to be used for approved absences necessitated by reason of illness or injury, by necessity for dental or medical care, by exposure to contagious disease so that attendance on duty may endanger the health of other faculty members or the public, or the illness of the faculty member's spouse, minor children, or parent and spouse's parents for such periods as the faculty member's attendance shall be necessary. Further, a faculty member shall be granted up to five (5) days, charged against sick leave, for placement of an adoptive or foster child. A faculty member who finds it necessary to be absent for any of these reasons shall communicate with the college president or designee as soon as possible and file a request in writing for approval of the use of sick leave for such absence. Unused sick leave may be accumulated to a maximum of 112 days. Sick leave earned over the maximum will be considered lapsed but shall be recorded to the faculty member's credit. In the event that a faculty member with an illness exhausts the current accumulated sick leave and has lapsed sick leave recorded to the faculty member's credit, additional sick leave shall be granted by the president upon valid medical documentation, to the extent required by the faculty member's illness, but not to exceed the total amount of lapsed sick leave. Sick leave may be used for maternity related disability. The length of time shall be limited to the number of days that the attending physician certifies is maternity related or the number of accumulated sick leave days, whichever is less.

One additional day of sick leave allowance shall be credited to each unlimited faculty member who is employed full time for a summer session or for four or more extra weeks. If less than full time, it shall be pro-rated.

Sick leave credited to a faculty member in advance is earned at the rate of ten (10) days per academic year. If a faculty member resigns or is dismissed for cause and has used more sick leave than has been earned, such faculty member shall reimburse the employer for any such overpayment.

A faculty member who is reinstated or reappointed to the Minnesota Community Colleges System within four (4) years from the date of resignation or retirement may, at the appointing authority's discretion, have the accumulated but unused sick leave balance restored and posted to the faculty member's credit provided such sick leave was accrued in accord with the provisions of this Agreement. However, upon reinstatement or rehire, a faculty member who has received severance pay shall either have the sick leave balance restored at sixty (60) percent of the faculty member's accumulated but unused sick leave balance plus eighty seven and one-half (87 1/2) percent of the faculty member's accumulated but unused sick leave bank or may buy back the total amount of sick leave previously paid off on severance by paying the college at the time of reinstatement or rehire the gross amount of dollars previously paid out.

Section 3. Bereavement Leave. A faculty member shall be granted up to five (5) days of approved leave as necessary for bereavement purposes. Bereavement leave of up to five (5) days shall not be deducted from sick leave in the event of death in the immediate family or of death of any individual who is named a beneficiary in the employee's TRA program. The term "immediate family" shall mean: spouse, parents, parents of spouse, guardian, children, grandchildren, brothers, sisters, grandparents, or wards of the faculty member or of the faculty member's spouse. Other approved bereavement leave shall be deducted from sick leave.

Section 4. Personal Leave. Upon application and approval, each full-time faculty member will be granted two days per academic year for use as personal leave. Personal leave may accumulate to eight days but use shall not exceed two days in any quarter unless an emergency arises in which case a third and/or fourth day may be used if approved by the college president. Personal leave may be taken in half (1/2) day increments.

Section 5. Pro-Rata. The provisions of Section 2 - Sick Leave, Section 3 - Bereavement Leave and Section 4 - Personal Leave above shall apply on a pro-rata basis to all part-time faculty members in the bargaining unit.

Section 6. Advanced Degree or Certification Leave. Upon application, a faculty member shall receive a leave of up to five (5) days to take written or oral exams for an advanced degree or certification.

Section 7. Legal Leave. Upon application, a faculty member shall be excused from work for jury service or in response to a subpoena or other direction by proper authority. Such faculty member shall be paid his/her regular pay. Payments received for jury service may be retained by the faculty member; however, fees received as a witness must be returned to the faculty member's college unless the witness service does not involve the use of legal leave.

Section 8. Military Leave. Up to fifteen (15) working days leave per calendar year shall be granted to members of a reserve force of the United States or of the State of Minnesota and who are ordered by the appropriate authorities to attend a training program or perform any other duties under the supervision of the United States or of the State of Minnesota during the period of such activity.

Section 9. Accounting of Leave Status. At the end of each fiscal year an accounting of sick, personal, and unpaid leave status will be provided to each unlimited faculty member by the faculty member's college. Upon request, temporary faculty shall also receive an accounting of their accrued leave.

Section 10. Leave Benefit Accumulations. Leave benefit accumulations accrued on the basis of service prior to the signing of this Contract shall be retained by the faculty member after such signing.

ARTICLE 13 **LEAVES OF ABSENCE WITHOUT PAY**

Section 1. Unpaid Leaves of Absence.

Subd. 1. Military Leave. Leave shall be granted to a faculty member who enters into active military service in the armed forces of the United States for the period of military service, not to exceed four (4) years.

Subd. 2. Parenthood Leave. Upon application, parenthood leave shall be granted without pay to any faculty member who is expecting a child either by natural birth, adoption, or through a foster parent program. Parenthood leave requests should be filed as early as possible, but one month prior to date of leave is required. The leave shall commence on the date requested by the faculty member and shall continue for a period of up to nine months, provided, however, that the parenthood leave may be extended upon application to the college president for up to an additional six months. The initial leave and subsequent extension may be adjusted by the college president up to three months to synchronize with an academic quarter except that no adjustment may be made which would reduce the initial leave to less than six months without approval of the faculty member.

Subd. 3. Other Leaves of Absence Without Pay. Upon application, faculty members may be allowed to be absent without pay with the approval of the college president consistent with the conditions that such leave shall be granted only when it will not result in undue prejudice to the interests of the college beyond any benefits to be realized. Leaves for the following purposes shall be considered: illness or poor health beyond the limits of paid sick leave; work experience in education, business, industry, and/or government; service in a professional organization; and advanced study.

Leaves for personal emergencies will be authorized. Leave requests for other specific personal reasons may be considered. Applications for an extension of a leave will be considered by the college president providing the application for extension is submitted at least 90 days prior to the expiration of the current leave.

For faculty members granted unlimited part-time status on or after July 1, 1987, such leaves shall not be granted for purposes of vacations, non-college employment obligations, or opportunities which should or could be accommodated outside of their college assignments.

Subd. 4. Benefits. No benefits shall accrue to faculty members during unpaid leaves that exceed an aggregate of ten working days in an academic year, except as provided by statute or as otherwise modified in this contract. However, an exception shall be made in case of unpaid leave necessitated by reason

beyond the control of the faculty member in which instance no benefits shall accrue to such faculty member if the unpaid leave exceeds an aggregate of thirty (30) working days in any academic year.

An unlimited faculty member who is granted an unpaid leave for up to one full academic quarter, shall upon return, be placed on the salary schedule as if the faculty member's service had been continuous in the system. Such faculty member may be granted this provision once only during the faculty member's career with the Employer. Such one quarter shall also be counted as continuous service for purposes of seniority and service to count towards sabbatical leave eligibility.

A faculty member who is granted an unpaid leave specifically to do full time teaching elsewhere, or to engage in other full time endeavors which are related to the faculty member's performance or expertise at the college, (except in cases of extended leaves pursuant to M.S. 136.88,) shall, upon return, be placed on the salary schedule as if the faculty member's service had been continuous in the system, and the time spent on such leaves shall count for seniority purposes as well. When this type of unpaid leave is less than one (1) academic year, the time spent on the leave shall count for sabbatical eligibility.

A faculty member on unpaid leave shall not be considered to have had a break in service. Time spent on leave shall count only toward such benefits as are provided in this Contract.

Section 2. Religious Holidays. Any faculty member who observes a religious holiday on a day which does not fall on a Sunday or a legal holiday shall be entitled to such day off from his/her employment for such observance. Such day off shall be taken without pay except where the faculty member has unused personal leave, and in that case such day may be charged against the personal leave of the faculty member upon request of the faculty member. The faculty member shall notify the college in writing at least 10 days prior to the absence.

Section 3. Extended Leaves of Absence. Full-time employees who are eligible and apply for extended leave under M.S. 136.88 (a full-time faculty member who has been employed by the Community College and/or Minnesota State Colleges and Universities Board of Trustees for at least five (5) years and has at least ten (10) years of allowable service as defined in M.S. 354.05 Subd. 13) may be granted a leave without pay of at least three (3) years but no more than five (5) years. An extended leave of absence pursuant to this section may be granted only once. Denials of such leaves shall not be arbitrary, unreasonable, or discriminatory. Pursuant to M.S. 354.094, the state shall pay employer contributions into the fund for each year for which a member who is on extended leave pays employee contributions into the fund. Such contribution shall be based on the schedule salary amount the faculty member received in the year immediately preceding the leave. In accordance with M.S. 136.88, the faculty member will be placed back on the salary schedule at the same column and step the faculty member was on at the time the leave was granted.

ARTICLE 14

SEVERANCE PAY AND FACULTY RETIREMENT PROVISIONS

Section 1. Severance Pay. Severance pay shall be granted to all faculty members under the following provisions:

Subd. 1. Eligibility.

- A. All faculty members who have completed 20 years of continuous service, shall receive severance pay upon separation from state service.
- B. All faculty members who are mandatorily retired from state service or are separated by reason of death shall receive severance pay. In the event of death, such payment shall be made to the beneficiary designated by the faculty member under the Minnesota Teacher's Retirement Association or Individual Retirement Account Plan.
- C. All unlimited full-time and unlimited part-time faculty members who are laid off from service in the community colleges, shall receive severance pay.
- D. Faculty members who retire from state service after ten (10) years of continuous state service, and who are immediately entitled at the time of retirement to receive an annuity under a state retirement program shall, notwithstanding an election to defer payment of the annuity, also receive severance pay.

Subd. 2. Benefits. The faculty member shall receive severance pay in an amount equal to 40% of the faculty member's accumulated but unused sick leave balance (not to exceed 112 days) plus 12 1/2% of the faculty member's accumulated but unused sick leave bank times the faculty member's regular daily rate of pay at the time of separation. If necessary, accumulated but unused bank days shall be added to the sick leave balance to attain the 112 days maximum.

Subd. 3. Reinstatement. Should any faculty member who has received severance pay be subsequently reappointed to state service, eligibility for future severance pay shall be computed upon the difference between the amount of accumulated but unused sick leave restored to the faculty member's credit at the time the faculty member was reappointed and the amount of accumulated but unused sick leave at the time of the faculty member's subsequent eligibility for severance pay. However, if the faculty member has bought back the total amount of sick leave previously paid off on severance, eligibility for future severance pay shall be computed upon the amount of accumulated but unused sick leave to the faculty member's credit at the time of the faculty member's subsequent eligibility for severance pay.

Subd. 4. Age at Separation. A faculty member who retires at the end of the academic year will be considered to have retired as of the following July 1 for purposes of severance pay.

Section 2. Early Retirement Incentive.

Subd. 1. Sunset Provision. Faculty members hired after June 30, 1995, shall not be eligible for this early retirement incentive.

Subd. 2. Eligibility. In addition to the provisions of Section 1, any faculty member who has served at least fifteen (15) years in the Community College System and is at least fifty-five years of age shall be eligible for early separation. Individual applications for early retirement incentive will only be granted where it can be shown that the specific application would prevent a layoff, allow the recall of a laid-off faculty member and/or would result in a cost savings to the System.

Subd. 3. Compensation. An eligible faculty member who elects early separation through resignation or early retirement shall receive compensation equal to his/her base salary. An eligible faculty member who elects such early separation shall receive compensation equal to his/her base salary minus 20% of his/her base salary for each year beyond age sixty (60). The faculty member shall receive the compensation in two equal annual payments: the first upon separation and the second in the following year or on other reasonable terms as conveyed by the faculty member and accepted by the administration.

Subd. 4. Maintenance of Benefits. The separated faculty member shall have the right to continue, at the employer's expense, health insurance benefits for one year after separation.

Subd. .5. Early Separation. Persons choosing early separation shall have eligibility for early retirement payments determined in accordance with appropriate statutes and regulations.

Section 3. Supplemental Retirement. Pursuant to M.S. 136.80, 136.81 and 356.24, the employer shall deduct from the salary of full-time faculty members a sum equal to five (5) percent of the annual salary paid after the first \$6,000 up to a maximum of \$ \$1,525.00 during the 1995-96 academic year and up to a maximum of \$1,700.00 during the 1996-97 academic year to be paid into the Minnesota Community College Supplemental Retirement Account of the retirement fund. The employer shall make a contribution in an amount equal to the deductions made from the faculty member's salary. Deductions shall begin in the faculty member's third year of employment.

Section 4. Phased Retirement Program.

Subd. 1. Eligibility. Pursuant to M.S. 354.66, unlimited full time faculty members who are fifty-five (55) years of age and who have at least ten (10) FTE years of service credit in the Minnesota Community Colleges shall be granted, upon application, a phased retirement subject to the provisions below.

In order for the Phased Retirement system to be easily understood and administered, the Association and the System are in agreement to the following provisions:

Subd. 2. Application Procedure. Faculty members who are eligible may request in writing to take part in the phased retirement program. Such written request shall be submitted prior to the end of Winter quarter in the academic year prior to the year the reduction is going to start. The length of the phased retirement period and the faculty member's annual workload shall be mutually agreed to by the faculty member and the college president, subject to the limitations in subd. 3. Each application and any subsequent request for a change will be considered on a case by case basis. The agreed upon arrangements shall be made in writing between the faculty member and the college president. A copy of the phased retirement agreement shall be forwarded to the Chancellor's designee and the state Association.

Subd. 3. Terms of Program. The phased retirement agreement must meet the following terms:

1. A length of time no less than one (1) year and no more than ten (10) years.
2. An annual workload no less than .33 FTE and no more than .67 FTE.

The level of reduction and the length of time of phased retirement may change upon mutual agreement of the faculty member and the college president. At the end of the phased retirement period the faculty member must retire from the Minnesota State Colleges and Universities system, unless circumstances give cause for the faculty member and the college president to end the phased retirement program early and the

faculty member returns to full time employment. Faculty members who are in a phased retirement program shall have their actual work FTE counted for the purpose of meeting the hiring practices requirements contained in Article 18 of this Contract.

Subd. 4. Benefits. The faculty member shall continue to receive insurance benefits and payment toward Teacher's Retirement Account or IRAP as if working full time. Any employee contributions toward insurance premiums will continue to be deducted from the faculty member's paycheck. The faculty member shall be directly responsible for payment of the faculty member's portion of TRA or IRAP. Faculty members who are on phased retirement shall be treated as if they are regular full-time faculty when calculating early retirement benefits and severance pay benefits. Faculty members who are on phased retirement shall receive sick leave and personal leave on a pro rata basis, i.e. if the phased retirement contract is for 67%, then the faculty member will be granted 6.7 days of sick leave and 1.34 person leave days. Faculty members are urged to select the twenty (20) pay option during the year prior to phased retirement and continuing during the phased retirement plan. Overload restrictions shall be determined for a faculty member on phased retirement based on the actual pay received during the fiscal year prior to the first year of a phased retirement plan. Normal summer session rotation rights shall be maintained. Faculty members shall maintain eligibility for a sabbatical and the benefits shall be the same as for full-time faculty. Any remaining FTE needed to qualify during phased retirement shall accrue on a pro rata basis. The return requirement shall also be satisfied on a pro rata basis. The return requirement must be reachable in the plan in order to be eligible for the sabbatical leave. Faculty members who are considering a sabbatical during phased retirement should include such intention in the plan.

Subd. 5. Limits on Access. The number of faculty members at each campus or center who will be granted this option shall be limited to 7% of the number of unlimited full time faculty at the college or center or one (1), whichever is greater. If more applications are received than the 7% limit, the approvals shall be granted on a seniority basis, with the most senior applicants being granted first. In the event the campus limit is reached, an applicant in excess may be granted a phased retirement plan if the President and the System agree to the request. The seven (7) per cent limit will be established each year and shall not be cumulative. The actual numbers may change based on the roster changes each year.

ARTICLE 15

EXPENSE ALLOWANCES

Section 1. General. The employer may authorize travel at state expense for the effective conduct of the state's business. Such authorization must be granted prior to the incurrence of the actual expenses. Faculty members affected under this article shall be reimbursed for such expenses which have been authorized by the employer in accordance with the terms of this article.

Section 2. Automobile Expense. When a state-owned vehicle is not available and a faculty member is required to use the faculty member's automobile to conduct authorized state business, the employer shall reimburse the faculty member at the rate of twenty-seven (27.0) cents per mile for mileage on the most direct route according to transportation department records. When a state-owned vehicle is offered and declined by the faculty member, the employer shall authorize the mileage be paid at the rate of twenty-one (21.0) cents per mile on the most direct route. Deviations from the most direct route, such as vicinity driving or departure from the faculty member's residence, shall be shown separately on the faculty member's daily expense record and reimbursed under the foregoing rates. Actual payment of toll charges and parking fees shall be reimbursed. A faculty member shall not be required by the employer to carry automobile insurance coverage beyond that required by law.

When a faculty member is assigned to off campus duties, the allowable mileage is (1) the lesser of the mileage from the faculty member's residence to the first stop or from his/her campus to the first stop, (2) all mileage between points visited on college business, and (3) the lesser of mileage from the last stop to the faculty member's residence or from the last stop to his/her campus.

Section 3. Commercial Transportation. When a faculty member is required to use commercial transportation (air, taxi, rental car, etc.) in connection with authorized business of the employer, the faculty member shall be reimbursed for the actual expenses of the mode and class of transportation so authorized. Reasonable gratuities may be included in commercial travel costs.

Section 4. Overnight Travel. A faculty member in travel status who incurs expenses for lodging shall be allowed actual reasonable costs of lodging, in addition to the actual cost of meals while away from the home station, up to the maximums stated in section 5 of this article. A faculty member in travel status in excess of one (1) week without returning home shall be allowed actual cost not to exceed a total of \$16.00 per week for laundry and/or dry cleaning for each week after the first week. A faculty member shall be reimbursed for baggage handling. Actual documented personal telephone call charges shall be reimbursed in the following manner: the maximum reimbursement for each trip shall be the result of multiplying the number of nights away from home by two dollars.

Section 5. Meal Allowances. A faculty member assigned to be in a travel status between the faculty member's work station and a field assignment shall be reimbursed for the actual cost of meals, including a reasonable gratuity under the following conditions:.

- A. **Breakfast.** Reimbursement may be claimed only if the faculty member is on assignment away from home station in a travel status overnight or departs from home in an assigned travel status before 6:00 a.m.
- B. **Lunch.** Eligibility for lunch reimbursement shall be based upon the faculty member being on assignment, over thirty-five (35) miles from his/her temporary or permanent work station, with the work assignment extending over the normal meal period. However, a faculty member may claim lunch reimbursement when authorized by the appointing authority as a special expense prior to incurring such expenses.
- C. **Dinner.** Dinner reimbursement may be claimed only if the faculty member is away from his/her home station in a travel status overnight or is required to remain in a travel status until 7:00 p.m.
- D. Maximum reimbursement for meals shall be in accordance with Minnesota State Colleges and Universities (MnSCU) Board Policy. If the Board increases the meal rates, such increases shall automatically apply to this collective bargaining agreement. If the Board decreases the meal rates, MnSCU shall meet and negotiate with the MCCFA prior to implementation. As of the effective date of this Agreement the meal rates, including tax and gratuity, shall be:

Breakfast - \$ 7.00

Lunch - \$ 8.50~

Dinner - \$14.50

Section 6. Special Expenses. When prior approval has been granted by the employer, special expenses, such as registration or conference fees and banquet tickets, incurred as a result of state business, shall also be reimbursed.

Section 7. Payment of Expenses. The employer will advance the estimated cost of travel expenses where the anticipated expenses total at least fifty dollars (\$50.00), provided the faculty member makes such a request within a reasonable period of time in advance of the travel date.

ARTICLE 16

FACULTY DEVELOPMENT

Section 1. College Level Funds. Each college will be allocated faculty development funds at the rate of \$175 per each full-time equivalent faculty position allocated to the college for the preceding academic year. Funds provided by this section shall be used only for financing expenses for faculty members only to attend conferences, workshops, take college courses and other activities off-campus, or for the provision of on-campus activities for staff development of the faculty. These funds are to be used to support the professional development of the faculty, the development needs of the academic departments or areas, and the planned instructional priorities of the college. The local association chapter shall determine an equitable procedure for the distribution of faculty development funds. The college president or designee may review proposed faculty development expenditures, and may veto a proposed expenditure within one week of its receipt if the proposed expenditures do not meet the purposes stated above. Nothing in this section shall preclude the local association chapter from proposing to spend faculty development funds on joint activities with other groups at the college. Upon mutual written agreement, the association chapter president and the college president may agree to another method for determination of the use of college level development funds.

Section 2. System Level Funds. For each fiscal year of this Contract, the Community College System will allocate a pro-rata share of the funds identified in the budget as "staff development" for faculty development. Such funds will be used to provide statewide or regional conferences, workshops and other activities for the staff development of faculty members. The joint committee for faculty development, comprised of at least three faculty members appointed by the MCCFA and at least three administrators appointed by the chancellor shall aid and advise the chancellor or designee in the use of these funds.

Section 3. Sabbatical Leave. The purpose of sabbatical leaves is to give faculty members the opportunity to secure additional education, training, or experience which will make them better prepared for carrying out their college-assignments, and will support the professional development of the faculty, the development needs of academic departments or areas, and the planned instructional priorities of the college/system mission.

Subd. 1. Criteria. Such leaves shall be granted if the following criteria are met:

- A. Temporary full-time, unlimited full-time and unlimited part-time faculty are eligible for a sabbatical leave. The applicant must have continuously served the equivalent of six or more academic years in the Minnesota Community Colleges with an aggregate of eighteen (18) quarters of actual service without having been granted a sabbatical leave. All continuous employment in the Minnesota Community Colleges shall be included in the calculation of full-time equivalency. For purposes of this section, continuous employment shall mean holding an assignment during each academic year.

No more than one year of service will be counted for each academic year. This total must be achieved prior to the commencement of the leave. Faculty members may have one quarter in which the faculty member was on an approved unpaid leave count as one of the eighteen (18) quarters. If a faculty member is on an unpaid leave for one year or more, the calculation of equivalent FTE will resume on the date of return. Faculty members on notice of layoff are not eligible for sabbatical leaves. In the event that the faculty member's layoff notice is rescinded, a faculty member who has applied for and met all other requirements for a sabbatical leave shall be granted the sabbatical regardless of the number of sabbaticals that have already been granted if the faculty member is more senior than the least senior faculty member who was granted a sabbatical at that college.

- B. The faculty member has submitted a plan for the sabbatical leave which is designed to serve the purpose described in Section 3 above.
- C. The college President has certified that a replacement can be found. In individual cases where a replacement cannot be found, a faculty member determined to meet the other eligibility requirements in the year of request, will not be denied a sabbatical leave in subsequent years based solely on this reason. This provision shall not be applicable to the faculty member after a sabbatical leave request is granted (unless the situation recurs after six (6) more years of service).
- D. Funds to cover the cost of the sabbaticals are available. Except in situations of financial exigency for the Minnesota Community Colleges, sabbaticals will not be denied for this reason.
- E. The number of sabbaticals approved for a college does not exceed seven percent, rounded up to the next whole number, of the number of full-time equivalent faculty positions allocated to the college for the academic year preceding the application, or one, whichever is greater.
- F. The seven (7) percent (rounded up to the next whole number) guarantee of sabbatical leaves for the Arrowhead region shall apply at the college level except that sabbatical leaves unused at the campus level shall be made available to A.C.C.R. faculty members at the other A.C.C.R. colleges on a seniority basis.
- G. The total number of sabbatical leaves awarded at any one college, including those from the statewide pool, shall be limited to one hundred and fifteen percent (115%) of the allocation as provided for in paragraph E. of subdivision 1 above. The calculation of the additional fifteen percent (15%) will be rounded to the nearest whole number or one, whichever is greater.

Subd. 2. Selection of Applicants. If the number of applicants in a given college exceeds seven percent of the number of full-time equivalent faculty positions allocated to the college for the previous year approval will be granted to those who have the greatest number of continuous years of full-time equivalent service based on the date of employment or the date of return after the last sabbatical, whichever is most recent. In the event of a tie, the sabbatical leave will be awarded to the applicant with the greatest system-wide seniority. Then, if a tie still exists, the tie shall be broken by a flip of a coin. At the request of either party, the tie shall be broken in the presence of an Association representative.

If there are no sabbaticals available, the applicants may, at their option, fill vacancies created by cancellations in their college in order of descending number of years of service. In case of ties, selection will be made in accordance with the tie-breaker procedure above. Applicants must make a separate application each year that they wish to be considered for a sabbatical leave.

In the event the total allocations for sabbatical leaves are not utilized through the procedure above, the remaining sabbaticals shall be pooled. These sabbaticals shall be available to those applicants who were in excess at the individual campuses. These sabbaticals shall be awarded to those applicants who have the greatest number of continuous years of full-time equivalent service based on the date of employment or the date of return after the last sabbatical. In the event of a tie, the sabbatical leave will be awarded to the applicant with the greatest system-wide seniority.

Subd. 3. Additional Sabbaticals. If requested by a college president and agreed to by the chancellor and the state Association, additional sabbaticals may be approved. Then, if a tie still exists, the tie shall be broken by a flip of a coin. At the request of either party, the tie shall be broken in the presence of an Association representative.

Subd. 4. Sabbatical Leave Benefits. Sabbatical leaves may be granted for one, two, or three consecutive quarters in an academic year, with full base salary for one quarter, or with two-thirds (2/3) of base salary for two or three quarters. The second sabbatical, if for a full-year, will be at eighty (80%) base salary and any subsequent full-year sabbatical will be at ninety (90%) base salary. The first sabbatical does not have to be a full-year sabbatical to qualify for the 80% benefit during the second sabbatical. The second sabbatical does not have to be a full-year sabbatical to qualify for the 90% benefit during the third sabbatical. In the case of unlimited part-time faculty "full base salary" shall be the average of the salary for the 3 years prior to the sabbatical year. This calculation shall not affect the faculty members' minimum guarantee.

Faculty members on sabbatical leave may accept scholarships, fellowships, grants or employment during the sabbatical leave.

Time spent on sabbatical leave shall be counted as continuous service for all purposes for which continuous service is a factor in the Minnesota Community College System.

No sick leave or personal leave shall be accumulated or credited to a faculty member during a sabbatical leave.

Subd. 5. Application procedure. Applications for sabbaticals shall be submitted to the chancellor or designee in the board office between November 24 and December 15 in the year preceding the academic year during which the faculty member is planning to take the leave. The application must be delivered to the chancellor or designee in the board office by December 15 or mailed by certified mail not later than December 15 to be considered. Notification of approval or rejection will be provided by the Chancellor or designee no later than February 15.

If a faculty member desires to change the substance of the sabbatical plan which was previously approved by the board, the faculty member shall submit an amended plan to the chancellor. If the chancellor fails to approve the amended plan, the faculty member may submit an alternative plan(s).

Subd. 6. Sabbatical refusal. When a sabbatical is granted and the faculty member wishes to refuse the sabbatical, the faculty member may make a written request to the college president stating this fact. The college president shall submit this request along with a recommendation to the Chancellor or designee for approval. If the Chancellor or designee grants the request the faculty member shall forfeit eligibility for a sabbatical leave until such faculty member has served the equivalent of four more full-time academic years in the community colleges as a full-time or unlimited part-time faculty member without a break in service unless the Chancellor or designee chooses to waive this requirement. The determination of whether or not

the four year waiting period will apply shall be made at the time the refusal is approved. Any quarter interrupted by 30 or more working days of unpaid leave shall not count toward the 4 year requirement. This total shall be achieved prior to the commencement of the leave.

Subd. 7. Return Requirements. A faculty member who has taken a sabbatical leave shall be required to return to her/his college for at least one academic year of service. If the faculty member refuses to do so, the faculty member will be required to repay the salary which was paid by the employer during the sabbatical leave unless the Chancellor or designee chooses to waive this requirement because of special circumstances. The repayment shall be completed not later than the beginning of the academic quarter in which the faculty member was expected to return.

Upon returning from sabbatical, the faculty member shall submit a written description of plan activities undertaken during the sabbatical.

ARTICLE 17 **INSURANCE**

Section 1. State Employee Group Insurance Program. During the life of this Agreement, the employer agrees to offer a group insurance program that includes health, dental, life, and disability coverages equivalent to existing coverages, subject to the provisions of this article.

Section 2. Eligibility for Group Participation. This section describes eligibility to participate in the group insurance program.

Subd. 1. Faculty Members -- Basic Eligibility. A faculty member may participate in the group insurance program if he/she:

- A. Holds a temporary full-time or an unlimited appointment with annual guarantee of at least 18 credits or its equivalent; or
- B. Holds a temporary part-time appointment and meets the following conditions:
 - 1. Initial qualification requires an appointment totaling at least six (6) credits per quarter or its equivalent over three (3) consecutive academic quarters. Such eligibility starts at the beginning of the third quarter.
 - 2. Once qualified, the faculty member remains qualified for each quarter in which his/her appointment equals at least six (6) credits.
 - 3. When the faculty member's quarterly appointment drops below six (6) credits, insurance eligibility will cancel for that quarter, but will be reinstated when the quarterly appointment returns to at least six (6) credits.
 - 4. Once a break in service (defined as no assignments for one full academic year) occurs (excluding summer session) initial qualification in "1" above must be re-met.

Subd. 2. Faculty Members -- Special Eligibility. The following faculty members are also eligible to participate in the group insurance program:

- A. Faculty members with a work-related injury/disability. A faculty member who was off the state payroll due to a work-related injury or work-related disability may continue to participate in the group

insurance program as long as such a faculty member receives workers' compensation payments or while the workers' compensation claim is pending.

- B. Totally disabled faculty members. Consistent with M.S. 62A.148, certain totally disabled faculty members may continue to participate in the group insurance program.
- C. Retired faculty members. A faculty member who retires from state service, is not eligible for regular (non-disability) Medicare coverage, has ten (10) or more years of allowable pension service, and is entitled at the time of retirement to immediately receive an annuity under a state retirement program, may continue to participate in the health and dental coverages offered through the group insurance program.

Consistent with M.S. 43A.27, Subdivision 3, a retired faculty member of the state who receives an annuity under a state retirement program may continue to participate in the health and dental coverages offered through the group insurance program. Retiree coverage must be coordinated with Medicare.

- D. Summer coverage - temporary faculty. A faculty member on a temporary appointment who is eligible to participate in the group insurance program continues that eligibility during the summer if notice has been received from the college president (provost) or designee by May 31 of each year that the faculty member will be re-hired in an insurance-eligible position (at least six (6) credits or its equivalent) for the subsequent fall quarter.
- E. Sabbatical leave. A faculty member eligible to participate in the group insurance program immediately prior to taking a sabbatical leave continues that eligibility during the sabbatical leave.
- F. Faculty members on layoff. A faculty who is eligible to participate in the group insurance program immediately prior to being placed on layoff continues that eligibility during the recall period.
- G. Faculty members on Unpaid Leave of Absence. A faculty member who is eligible to participate in the group insurance program immediately prior to taking an unpaid leave of absence continues that eligibility during the unpaid leave of absence at his/her own expense.

Subd. 3. Dependents. Eligible dependents for the purposes of this article are as follows:

- A. Spouse. The spouse of an eligible faculty member (if not legally separated). For the purposes of health insurance coverage, if that spouse works full-time for an organization employing more than 100 people and elects to receive either credits or cash (1) in place of health insurance or health coverage or (2) in addition to a health plan with a seven hundred and fifty dollar (\$750.00) or greater deductible through his/her employing organization, he/she is not eligible to be a covered dependent for the purposes of this article. If both spouses work for the state or another organization participating in the state's group insurance program, neither spouse may be covered as a dependent by the other, unless one spouse is not eligible for a full Employer Contribution as defined in Section 3, Subd. 1.
- B. Children and Grandchildren. An eligible faculty member's unmarried dependent children and unmarried dependent grandchildren: (1) through age 18; or (2) through age twenty-four (24) if the child or grandchild is a full-time student at an accredited educational institution; or (3) a child or grandchild, regardless of age or marital status, who is incapable of self-sustaining employment by reason of mental retardation, mental illness or physical disability and if chiefly dependent on the

faculty member for support. The handicapped dependent shall be eligible for coverage as long as s/he continues to be handicapped and dependent unless coverage terminates under the contract.

"Dependent Child" includes a faculty member's: (1) biological child, (2) child legally adopted by or placed for adoption with the faculty member, (3) foster child, and (4) step-child. To be considered a dependent child, a foster child must be dependent on the faculty member for his/her principal support and maintenance and be placed by the court in the custody of the faculty member. To be considered a dependent child, a step-child must maintain residence with the faculty member and be dependent on the faculty member for his/her principal support and maintenance.

"Dependent Grandchild" includes a faculty member's: (1) grandchild placed in the legal custody of the faculty member, (2) grandchild legally adopted by the faculty member or placed for adoption with the faculty member, or (3) grandchild who is the dependent child of the faculty member's unmarried dependent child. Under (1) and (3) above, the grandchild must be dependent on the faculty member for principal support and maintenance and live with the faculty member.

If both spouses work for the state or another organization participating in the state's group insurance program, either spouse, but not both, may cover his/her eligible dependent children or grandchildren. This restriction also applies to two divorced, legally separated, or unmarried faculty members/employees who share legal responsibility for his/her eligible dependent children or grandchildren.

Subd. 4. Continuation of Coverage. Consistent with state and federal laws, certain faculty members, former faculty members, dependents, and former dependents may continue group health, dental, and/or life coverage at his/her own expense for a fixed length of time. As of the date of this Contract, state and federal laws allow certain group coverages to be continued if it would otherwise terminate due to:

- A. termination of employment (except for gross misconduct);
- B. layoff;
- C. reduction of hours to an ineligible status;
- D. dependent child becoming ineligible due to change in age, student status, marital status, or financial support (in the case of a foster child or stepchild);
- E. death of faculty member; or
- F. divorce.

Section 3. Eligibility for Employer Contribution. This section describes eligibility for an employer contribution toward the cost of coverage.

Subd. 1. Full Employer Contribution -- Basic Eligibility. Faculty members covered by this Contract and appointed for at least seventy-five (75) percent of the full-time work assignment load for the academic year receive the full employer contribution.

Subd. 2. Partial Employer Contribution -- Basic Eligibility. The following faculty member covered by this Contract receive the full employer contribution for basic life coverage, and at the faculty member's option, a partial employer contribution for health and dental coverages. The partial employer contribution for health and dental coverages is fifty (50) percent of the full employer contribution.

- A. A faculty member who holds an unlimited appointment and works eighteen (18) credits or more or its equivalent per academic year but less than seventy-five (75) percent of a full-time work assignment load.
- B. A faculty member who holds a temporary part-time appointment and meets the following conditions:
 - 1. Initial qualification requires an appointment totaling at least six (6) credits per quarter over three (3) consecutive academic year quarters. Such eligibility starts at the beginning of the third quarter
 - 2. Once qualified, the faculty member remains qualified for each quarter in which he/her appointment equals at least six (6) credits.
 - 3. When the faculty member's quarterly appointment drops below six (6) credits, insurance eligibility will cancel for that quarter, but will be reinstated when the quarterly appointment returns to at least six (6) credits.
 - 4. Once a break in service (defined as no assignments for one full academic year) occurs (excluding summer session) initial qualification in "1" above must be re-met.

Subd. 3. Special Eligibility. The following faculty members also receive an employer contribution:

- A. Faculty Members on Layoff. A faculty member who receives an employer contribution, who has three (3) or more years of continuous service, and who has been laid off, remains eligible for an employer contribution and all other benefits provided under this Article for twelve (12) months from the date of layoff.
- B. Work-related injury/disability. A faculty member who receives an employer contribution and who is off the state payroll due to a work-related injury or a work-related disability remains eligible for an employer contribution as long as such a faculty member receives workers' compensation payments. If such faculty member ceases to receive workers' compensation payments for the injury or disability and is granted a disability leave under Article 13, Section 1, Subd. 3, he/she shall be eligible for an employer contribution during that leave.
- C. Summer coverage - temporary faculty. A faculty member on a temporary appointment who is eligible for an employer contribution continues to receive the employer contribution during the summer if notice has been received from the college president (provost) or designee by May 31 of each year that the faculty member will be re-hired in an insurance-eligible position (at least six (6) credits or its equivalent) for the subsequent fall quarter.
- D. Sabbatical Leave. A faculty member eligible for an employer contribution immediately prior to taking a sabbatical leave continues to receive the employer contribution during the sabbatical leave.

Subd. 4. Maintaining Eligibility for Employer Contribution.

- A. General. A faculty member who receives a full or partial employer contribution maintains that eligibility as long as the faculty member meets the employer contribution eligibility requirements, and appears on a state payroll for at least one full working day during each payroll period. This requirement does not apply to faculty members who receive an employer contribution while on layoff as described above.

- B. Unpaid Leave of Absence. If a faculty member is on an unpaid leave of absence, then leave cannot be used for the purpose of maintaining eligibility for an employer contribution by keeping the faculty member on a state payroll for one working day per pay period. For a faculty member returning from an approved unpaid leave of absence of less than a full academic year, the employer contribution shall resume immediately following the end of the last quarter of the leave.
- C. School Year Employment. If a faculty member is employed on the basis of school year and such employment contemplates absences from the state payroll during the summer months or vacation periods scheduled by the appointing authority which occur during the regular school year, the faculty member shall nonetheless remain eligible for an employer contribution, provided that the faculty member appears on the regular payroll for at least one working day in the payroll period immediately preceding such absences, except as noted in paragraph B. above.
- D. A faculty member who is on an approved FMLA leave maintains their eligibility.

Section 4. Amount of Employer Contribution. For faculty members eligible for an employer contribution as described in section 3, the amount of the employer contribution will be determined as follows beginning on December 27, 1995. The employer contribution amounts and rules in effect on June 30, 1995 will continue through December 26, 1995.

Subd. 1. Contribution Formula -- Health Coverage.

- A. Faculty Member Coverage. For faculty member health coverage, the employer contributes an amount equal to the lesser of one hundred (100) percent of the faculty member premium of the lowest cost carrier, or the actual faculty member premium of the health plan chosen by the faculty member.
- B. Dependent Coverage. For dependent health coverage, the employer contributes an amount equal to the lesser of ninety (90) percent of the dependent premium of the low cost Health Plan, or the actual dependent premium of the health plan chosen by the faculty member.
- C. Low Cost Health Plan. For the purposes of Section 4A, "Low Cost Health Plan" means the health plan with: (1) the lowest family premium rate; and (2) operating in the county of the faculty member's permanent work location. "Family premium" is the total of the faculty member premium and the dependent premium.

The low-cost carrier for each county for the 1996 insurance year is listed in Appendix B. During the 1996 insurance year, the list may be changed only if the low-cost health plan no longer operates in a county.

- D. Low Cost Health Plan Determination 1997. The list for the 1997 insurance year shall be established in accordance with the following procedures:
 - 1. At least twelve (12) weeks prior to the open enrollment period for the 1997 insurance year, the employer shall meet and confer with the Joint Labor/Management Committee on Health Plans in an attempt to reach agreement on the low-cost health plan for each county.
 - 2. If no agreement is reached within five (5) working days, the employer and the Joint Labor/Management Committee on behalf of all of the exclusive representatives shall submit counties in dispute to a mutually agreed upon neutral expert in health care delivery systems for

final and binding resolution. The only counties that may be submitted for resolution by this process are those in which, since the list for the 1996 insurance year was negotiated, one or more of the following has occurred:

- (a) changes in the network of one or more of the plan offered;
- (b) changes in premium amounts affecting which plan is low cost;
- (c) the addition or deletion of carriers affecting which plan is low cost.

3. Absent agreement on a neutral expert the parties shall select an arbitrator from a list of five (5) arbitrators supplied by the Bureau of Mediation Services. The parties shall flip a coin to determine who strikes first. One-half of the fees and expenses of the neutral shall be paid by the employer and one-half by the exclusive representatives. The parties shall select a neutral within five (5) working days after no agreement is reached, and a hearing shall be held within fourteen (14) working days of the selection of the neutral.

4. The decision of the neutral shall be issued within two (2) working days after the hearing.

E. Faculty Member Work Location. The employer contribution for each faculty member is based on the faculty member's permanent work location on the effective date of each new insurance year. If the health plan a faculty member is enrolled in is not available at the new permanent work location, then the employer contribution changes to the amount in effect at the new permanent work location.

Subd. 2. Contribution Formula -- Dental Coverage.

A. Faculty Member Coverage. For faculty member dental coverage, the employer contributes an amount equal to the lesser of one hundred (100) percent of the faculty member premium of the state dental plan, or the actual faculty member premium of the dental plan chosen by the faculty member.

B. Dependent Coverage. For dependent dental coverage, the employer contributes an amount equal to the lesser of fifty (50) percent of the dependent premium of the state dental plan, or the actual dependent premium of the dental plan chosen by the faculty member.

Subd. 3. Contribution Formula -- Basic Life Coverage. For faculty member basic life coverage and accidental death and dismemberment coverage, the employer contributes one-hundred (100) percent of the cost.

Section 5. Coverage Changes and Effective Dates.

Subd. 1. When Coverage May Be Chosen. A faculty member must make his/her choice of plans and choice of dependent coverage (if applicable) within sixty (60) calendar days of the date of initial appointment to an insurance eligible position. When health and dental coverage are elected, the employee will automatically be enrolled in basic life coverage. Employees eligible for a partial employer contribution may elect health and dental coverage within sixty (60) calendar days of initial employment or during an open enrollment period. Employees who become eligible for a full employer contribution must make their choice of employee and dental plans and dependent coverage within sixty (60) calendar days of becoming eligible or be enrolled in the low cost plan in the county of the employee's work location.

A faculty member may change his/her health or dental plan if the faculty member changes to a new permanent work location, and the faculty member's current plan is not available at the new work location. A faculty member who receives notification of a work location change between the end of an open

enrollment period and the beginning of the next insurance year, may change his/her health or dental plan within thirty (30) days of the date of the relocation under the same provisions accorded during the last open enrollment period.

A faculty member may add dependent health or dental coverage within 30 days after the following events:

- A. If a faculty member becomes married, the faculty member may add his/her spouse and any dependent children/grandchildren
- B. If the faculty member's spouse loses group health or dental coverage, the faculty member may add his/her spouse and any dependent children/grandchildren
- C. When a faculty member acquires his/her first dependent child, grandchild, or step-child, the faculty member may add dependent coverage to cover both the child and the faculty member's spouse.

Subd. 2. When Coverage May Be Canceled.

- A. Dependent Coverage. An employee may cancel dependent health or dependent dental coverage outside of open enrollment only in the case of certain life events that are consistent with the request to cancel coverage. The request to cancel coverage must be made within sixty (60) days of the event. Life events include, but are not limited to:
 - loss of dependent status of a sole dependent
 - death of a sole dependent
 - divorce
 - change in employment condition of an employee or spouse: and
 - a significant change of spousal insurance coverage (cost of coverage is not a significant change).

Dependent health or dependent dental coverage may also be canceled during the open enrollment period that applies to each type of plan for any reason.

- B. Employee Coverage. A part-time faculty member may also cancel employee coverage within sixty (60) days of when one of these same events occurred.

Cancellation will take effect on the first day of the pay period coinciding with or next following the date of the application to cancel coverage, or the loss of eligible dependent status.

Subd. 3. Initial Effective Date. The initial effective date of coverage under the group insurance program is the first day of the first payroll period beginning on or after the 28th calendar day following the faculty member's first day of employment, re-employment, re-hire, or reinstatement with the State. A faculty member must be actively at work on the initial effective date of coverage, except that a faculty member who is on paid leave on the date State-paid life insurance benefits increase is also entitled to the increased life insurance coverage. In no event shall a faculty member's dependent's coverage become effective before the faculty member's coverage.

Subd. 4. Delay in Coverage Effective Date.

- A. Health, Dental and Basic Life. Except for dependent coverage for newborn children, handicapped dependents as defined by Minnesota Statutes 62A.14 and 62A.141, and children placed for the

purposes of adoption, the effective date of initial coverage or a change in coverage is delayed in the event that, on the date coverage would otherwise be effective, a faculty member or his/her dependent is hospitalized. Initial coverage for a newborn child is not affected by the child's hospitalization. In all other cases, coverage does not begin or change until the beginning of the first payroll period following the faculty member's or dependent's hospital discharge. However, initial faculty member-only coverage may begin if the faculty member's dependent is hospitalized.

The effective date of a change in coverage is not delayed in the event that, on the date the coverage change would be effective, a faculty member is on an unpaid leave of absence or layoff.

- B. Optional Life and Disability Coverages. In order for coverage to become effective, the faculty member must be in active payroll status and not using sick leave on the first day of the pay period coinciding with or next following approval by the insurance company. If it is an open enrollment period, coverage may be applied for but will not become effective until the first day of the pay period coinciding with or next following the faculty member's return to work.

Subd. 5. Open Enrollment.

- A. Frequency and Duration. There shall be an open enrollment period for health coverage in each year of this Contract, and for dental coverage in the first year of this Contract. Open enrollment changes become effective on December 27, 1995 in the first year of this Contract, and on December 25, 1996 in the second year of this Contract.
- B. Eligibility to Participate. A faculty member eligible to participate in the group insurance program, as described in Section 2 above, may participate in open enrollment. In addition, a person in the following categories may as allowed in Section 5 (subd. 4, A) above, make certain changes: (1) a former employee or dependent on continuation coverage, as described in Section 2D, may change plans or add coverage for health and/or dental plans on the same basis as active employees; and (2) an early retiree, prior to becoming eligible for Medicare, may change health and/or dental plans as agreed to for active employees, but may not add dependent coverage.
- C. Materials for Faculty Member Choice. Prior to open enrollment in the first year of the contract, the appointing authority will give each faculty member a statement of his/her current coverages and a copy of the summary plan. Description. Employees will be provided a statement of his/her current coverage each year of the contract.

Subd. 6. Coverage Selection Prior to Retirement. A faculty member who retires and is entitled to receive an annuity under a State retirement program may change his/her health or dental plan during the sixty (60) calendar day period immediately preceding the date of retirement. The faculty member may not add dependent coverage during this period. The change takes effect on the first day of the first pay period beginning after the date of retirement.

Section 6. Basic Coverages.

Subd. 1. Faculty Member and Dependent Health Coverage.

- A. Coverage Options. Eligible faculty members must select coverage under one of the health plans offered by the employer, including health maintenance organization plans, the state health plan, or other health plans. Coverage offered through health maintenance organization plans is subject to

However, actuarial reductions in the level of HMO coverages effective during the term of this Agreement, including increases in copayments, require approval of the Joint Labor/Management Committee on Health Plans. Coverage offered through the state health plan is determined by Section 6, Subd. 1., para B.

- B. Coverage under the State Health Plan. From July 1, 1995 through December 26, 1995, coverage under the State Health Plan will continue at the level in effect on June 30, 1995. a. Prescription Drugs.

- i. Option I. For the 1996 and 1997 insurance years:

- eight dollar (\$8) copayment per prescription or refill for a formulary drug dispensed in a thirty four (34) day supply or for a thirty four (34) day supply of insulin.

The lifetime maximum is one million five hundred thousand dollars (\$1,500,000) for services under Section 6; 1B1, 1B3 and 1B4 combined. The lifetime maximum for services under Section 6; 1B2 is limited to five hundred thousand dollars (\$500,000). The five hundred thousand dollars (\$500,000) maximum which applies under

Section 6; 1B2 is part of, and not in addition to, the one million five hundred thousand dollars (\$1,500,000) plan maximum.

- C. Coordination with workers' compensation. When a faculty member has incurred an on-the-job injury or an on-the-job disability and has filed a claim for workers' compensation, medical costs connected with the injury or disability shall be paid by the faculty member's health plan, pursuant to M.S. 176.191. Subdivision 3.
- D. Health promotion and health education. Both parties to this Contract recognize the value and importance of health promotion and health education programs.  2. Health plan specifications. The employer will require health plans participating in the group insurance program to develop and implement health promotion and health education programs for State faculty members and their dependents.
 3. Faculty member participation. The employer will assist faculty members' participation in health promotion and health education programs. Health promotion and health education programs that have been endorsed by the employer (Department of Employee Relations) will be considered to be non-assigned job-related training pursuant to administrative procedure 21B. Approval for this training is at the discretion of the appointing authority and is contingent upon meeting staffing needs in the faculty member's absence and the availability of funds. Faculty members are eligible for release time, tuition reimbursement, or a pro-rata combination of both. Faculty members may be reimbursed for 75 percent of tuition or registration costs upon successful completion of the program. Any exception to the 75 percent amount must be approved by the Department of Employee Relations. Faculty members may be granted release time, including the travel time, in lieu of reimbursement.
 4. Health Promotion Incentives. The Joint Labor-Management Committee on Health Plans shall develop a program which provides incentives for employees who participate in a health promotion program. The health promotion program shall emphasize the adoption and maintenance of more healthy lifestyle behaviors and shall encourage wiser usage of the health care system.
 5. Employee Assistance Program. The Joint Labor-Management Committee on Health Plans in conjunction with the Employee Assistance Program (EAP) and EAP Joint Labor-Management Committee shall conduct a pilot project to assess the role of the EAP in supplementing mental health and chemical dependency services provided by health insurance plans. The pilot shall begin no later than January 1, 1996 and end on December 31, 1997.

- A. Coverage Options. Eligible faculty members may select coverage under any one of the dental plans offered by the employer, including health maintenance organization plans, the state dental plan, or other dental plans. Coverage offered through health maintenance organization plans is subject to change during the life of this Contract upon action of the health maintenance organization and approval of the employer after consultation with the Joint Labor/Management Committee on Health Plans. However, actuarial reductions in the level of HMO coverages effective during the term of this Agreement, including increases in copayments, require approval of the Joint Labor/Management Committee on Health Plans. Coverage offered through the state dental plan is determined by Section 6, Subd. 2., para B.
- B. Coverage under the State Dental Plan. The state dental plan will provide the following coverage:
1. Copayment. Effective December 29, 1995, the State Dental Plan will cover allowable charges for the following services subject to the copayments and coverage limits stated. Higher out-of-pocket costs apply to services obtained from dental care providers not in the State Dental Plan network. Services provided through the State Dental Plan are subject to the State Dental Plan's managed care procedures and principles, including standards of dental necessity and appropriate practices. The plan shall cover general cleaning two (2) times per plan year and special cleanings (root or deep cleaning) as prescribed by the dentist.

Subd. 2. Disability Coverage.

- A. Short-term disability coverage. A faculty member may purchase short-term disability coverage that provides benefits from three hundred dollars (\$300) to two thousand dollars (\$2,000) per month, up to two-thirds of a faculty member's salary, for up to 180 days during total disability due to a non-occupational accident or a non-occupational sickness. The terms are the same as for employees who wish to add/increase during the annual open enrollment. When an eligible faculty member has elected to take the state's long term disability coverage, the state shall contribute one half (1/2) toward the premium or \$5.90 bi-weekly, whichever is less.

ARTICLE 18

APPOINTMENTS AND ASSIGNED FIELDS

Section 1. Appointments. All appointments shall be made by the employer via a standardized letter of appointment which includes the type of appointment, the length of appointment (if not an unlimited full-time position), the faculty member's address, social security number, and the wages. The following types of appointments may be made:

Subd. 1. Probationary. A faculty member must complete two (2) years of probationary status before becoming an unlimited faculty member. A probationary appointment is an appointment other than unlimited or temporary. Such an appointment means that the individual holding such status is being evaluated for purposes of determining whether or not unlimited status will be granted. A probationary faculty member who successfully completes the probationary appointment shall become an unlimited faculty member. No faculty member shall serve more than one probationary period in the same bargaining unit in the Minnesota Community College System.

There shall be no employment rights for layoff or recall for probationary faculty members. Probationary faculty are subject to termination without recourse to the grievance procedures, outlined in Article 24.

Subd. 2. Provisional Unlimited Status. Faculty members hired after July 1, 1987 who do not meet minimum qualifications and who have satisfactorily completed probation shall be granted provisional unlimited status. Provisional unlimited status shall not exceed two years. The faculty member shall become unlimited full-time immediately upon satisfactory attainment of the minimum qualifications. Failure to meet minimum qualifications at the end of two years shall constitute just cause for immediate dismissal.

Subd. 3. Unlimited Full-Time. An unlimited full-time faculty member is defined as a faculty member with a full-time assignment for an academic year which carries the assumption that such employment will continue on a full-time basis in subsequent years. To qualify for an unlimited full-time position, the faculty member must meet minimum qualifications and successfully complete probationary status.

Any references in this contract to unlimited faculty members shall include only probationary, unlimited full-time, and unlimited part-time faculty who had achieved unlimited part-time status prior to July 1, 1987, unless specifically noted otherwise.

Subd. 4. Unlimited Part-Time. If it is to the mutual advantage of the faculty member and the college president, a temporary part-time faculty member may be granted unlimited part-time status. The faculty member must have been employed continuously for four years between 50 and 80 % of a full load, and must meet minimum qualifications for the assigned field of a majority of his/her assignments. S/he shall receive that assigned field at the time of unlimited part-time appointment.

The minimum percentage guaranteed in the unlimited part-time assignment shall be mutually agreed by the faculty member and college president at the time of initial unlimited part time appointment, subject to the 80% limit in the definition of unlimited part-time status. Activity credits may be considered in the determination of the minimum percentage guaranteed, but shall not constitute an assigned field. Unlimited part-time status will not be granted below the 50% guarantee level after fall of 1993.

Assignments above the minimum guarantee may be made. Unlimited part-time faculty who hold the status as of Fall 1993 and whose minimum guarantee is 50% or greater will be offered up to 80% when assignments are available. The assignments offered shall be in their assigned field(s) and in courses outside of their assigned field(s) that the individual has taught previously. The level of minimum guaranteed assignments may be reviewed for possible increase at the request of either party. The review shall include the assignments held over the previous four years. Assignments made that are replacement for other faculty or soft money will be subtracted in the review. Such assignments shall be identified by the administration at the time the assignment is made. The faculty member's guarantee shall not be reduced because of an assignment to replace other faculty. In the event the administration projects a need for possible layoff, an unlimited part-time faculty member may mutually agree to a reduction in the level of guaranteed employment in lieu of a layoff notice, but not less than 36%.

An unlimited part-time faculty member holding appointments at more than one community college campus who has conflicting work schedules must select which college's assignment s/he will meet and must resign his/her appointment from the other college if alternative arrangements which are acceptable to the college administration can not be implemented. Unlimited part-time faculty members, except for being on unlimited status, shall accrue benefits like other part-time faculty members. Fringe benefits will be based on the minimum guaranteed appointment and will be annualized. Unlimited part-time faculty who decline assignments as part of the minimum guaranteed percentage appointment or who refuse unlimited full-time positions which are offered at their college shall lose their unlimited part-time status. An unlimited part-time faculty member shall be considered to have completed the probationary requirement and shall not have to serve a new probationary period if the faculty member becomes unlimited full-time.

Upon mutual agreement between the Association and the System Office, current unlimited part-time faculty may be granted an unlimited full-time position at their college which includes their current part-time assignment.

Unlimited part-time faculty whose actual hard money non replacement assignment exceeds 80% for two (2) consecutive academic years shall be converted to unlimited full-time status at their college which includes their current part-time assignment if there are no eligible unlimited full-time faculty on layoff who claim the position. Assignments made that are replacement for other faculty or soft money will be identified by the administration at the time the assignment is made.

Subd. 5. Unlimited Special. If it is to the mutual advantage of the faculty member and the college, an unlimited full-time faculty member's load may be reduced to a load between 50% and 80% of a full-time load for a quarter, two quarters, or one or more academic years. For purposes of this provision, a full-time load shall be defined as one quarter equals 15 credits and one year equals 45 credits. Such reduction must

have the agreement of the faculty member, and the college president. Written notification of the agreement must be submitted to the chancellor's designee and the state Association. The agreement relative to the reduction and the conditions under which the faculty member may or must return to full-time status shall be stated in writing at the time of the agreed reduction. Such unlimited special faculty member shall have each year of service count as a full year for purposes of seniority, step movement, and sabbatical leave. Other fringe benefits shall accrue to such faculty member in accordance with the contract provisions in effect at the time. A work assignment load reduction under this provision shall not be construed as a leave of absence under Article 13.

Subd. 6. Temporary Full-Time. A temporary full-time faculty member is defined as a faculty member with a full-time assignment for an academic year. Such employment terminates at the end of the stated appointment period.

When a faculty member who has held a temporary full-time appointment for two (2) full academic years is rehired to an unlimited full-time position in the same assigned field, the faculty member shall receive an unlimited full-time appointment rather than a probationary appointment. If a faculty member who holds a temporary full-time appointment for six years or more requests unlimited status, s/he shall be granted such status if agreed to by the college president.

Subd. 7. Temporary Part-Time. A temporary part-time faculty member is defined as a faculty member with a part-time assignment for extra weeks, a quarter, or a summer session. Such employment terminates at the end of the stated appointment period. Assignments made that are replacement for other faculty or soft money shall be identified by the administration at the time the assignment is made.

Subd. 8. Hiring Practices. The employer shall fill a minimum 70% of the system FTE allocation with unlimited full-time faculty. No college shall fill less than 60% of its allocation with unlimited full-time faculty. Centers will be counted as colleges in the college percentage calculation.

The basis for calculating the percentage that unlimited full-time faculty positions are of faculty allocations will be:

- The faculty allocation for the system and to the colleges, excluding "special needs," financial aid unclassified employees and community education as established according to Minnesota State Board for Community Colleges Policy V.01.03 Allocations and Spending Plans as it existed in the July, 1991, document.
- The unlimited full-time faculty roster as of mid-January. The roster includes all instructors, counselors and librarians with the exception of new unlimited part-time faculty after July 1, 1987.

No later than January 20 of each year, the MCCS and the MCCFA shall jointly produce an analysis of the unlimited full-time positions on the roster compared to the FTE allocated in that fiscal year. The analysis will examine each campus as well as the entire system.

The posting for the unlimited full-time positions shall occur no later than March 31, to allow for filling at the start of the next academic year.

Colleges with a higher percentage of unlimited full-time faculty than the 70% referenced above may not use the percentage of full-time faculty as a reason to issue layoff notices.

When special circumstances exist and agreement is reached between the Association and the Chancellor, terms of this subdivision may be waived.

Section 2. Assigned Fields.

Subd. 1. Establishing Assigned Fields. The original assigned field of instructors, or counselors, or librarians shall be the field for which the faculty member was hired as approved by the chancellor's designee. This assigned field must correspond to the majority of the assignments held. Upon initial hiring a written notice of the assigned field shall be sent to the faculty member and a written notice of any change in assigned field shall be sent to the faculty member. A student activity assignment shall not be considered an assigned field. An additional assigned field(s) may be added, by the Chancellor's designee, under the following provisions:

1. **Initial Hire.** As part of the original assigned field when the assignment is verified by the college to include at least six (6) credits per quarter for four (4) quarters within the first two (2) academic years, the college president verifies that the assignment will continue, and the faculty member meets the minimum qualifications for the assigned field.
2. **Subsequent to Unlimited Status.** As an additional assigned field when an unlimited full-time or unlimited part-time faculty member has completed four quarters within two (2) consecutive academic years of at least six (6) credits each in the requested assigned field, the college president verifies that the assignment will continue, and the faculty member meets minimum qualifications for the assigned field.
3. A faculty member shall not be granted an initial or subsequent assigned field at a college if another faculty member is on notice of layoff or on layoff in that assigned field at the college.

Subd. 2. Joint Committee on Assigned Fields and Designated Assignments. A joint committee composed of three (3) faculty members appointed by the Association and three (3) administrators appointed by the chancellor shall continue to make recommendations on assigned fields, designated assignments and minimum qualifications to the chancellor. The listing and the minimum qualifications are provided, for informational purposes only, in Appendix C of this contract.

ARTICLE 19 **SENIORITY, LAYOFF AND FACULTY MOBILITY**

Section 1. Seniority Defined. Seniority of a faculty member shall be determined by figuring the total FTE length of continuous probationary and unlimited full-time or unlimited part-time service in the faculty member's designated assignment/assigned field(s) since the faculty member's starting date in the designated assignment/assigned field. The starting date of a faculty member's seniority shall be the beginning of the quarter when a faculty member started probationary/unlimited full-time or unlimited part-time service. Seniority shall accrue in each assigned field held by the faculty member.

Subd. 1. Calculation Of Temporary Service. When temporary faculty members become probationary or unlimited full-time or unlimited part-time faculty members, their seniority shall be calculated by including their service prior to the change in status in the following manner:

- A. For faculty members who have been employed continuously (at least one quarter per academic year), their seniority shall include their total accumulated temporary service on a pro rata (FTE) basis at the college.
- B. For faculty members who have not been employed continuously, their seniority shall include their total accumulated service after July 1, 1974, on a pro rata (FTE) basis at the college.

Subd. 2. Unlimited Part-Time Seniority Roster. All faculty members granted unlimited part-time status after July 1, 1987, shall have their seniority status maintained on a separate roster from unlimited full-time faculty.

Subd. 3. Posting and Recalculation. The seniority roster shall be posted by November 1 of each academic year. Faculty members may request seniority recalculations within thirty (30) calendar days after distribution of the seniority roster.

Subd. 4. Tie Breakers. For purposes of seniority, all Minnesota Community Colleges shall be considered to have the same starting date for comparable quarters. Where two or more faculty members have the same seniority, their relative position shall be determined by using the following criteria in the order listed:

1. The faculty member with the greater total employment in the Minnesota Community College System, including temporary employment, shall have the greater seniority.
2. The faculty member with the higher number of graduate credits in the assigned field shall have the greater seniority.
3. If after consideration of 1, and 2, a tie still exists, the tie shall be broken by lot.

In relation to seniority in an assigned field at one campus, ties in seniority shall be broken at the time of employment. In relation to two or more faculty members claiming a vacant position, ties in seniority shall be broken at the time of claiming.

Seniority shall be broken by resignation, retirement, failure to return from an authorized leave of absence, or failure to return from a layoff. An unlimited full-time or unlimited part-time faculty member who is placed in a temporary part-time status shall not be considered to have had a break in service during the period of temporary part-time status.

Subd. 5. Seniority in New Assigned Fields and Colleges. If subsequent to a faculty member's start of unlimited service in the faculty member's initial assigned field, another assigned field is/was approved for such faculty member, the seniority in this assigned field shall start at the beginning of the quarter when such assigned field was approved.

Once an assigned field is approved and established for a faculty member, the faculty member continues to accumulate seniority in that field for as long as the faculty member remains as an unlimited faculty member in the system, except when a faculty member accepts or transfers to a position at another college. A faculty member on layoff who claims a vacancy at another college in a new assigned field shall retain system seniority in his/her original assigned field(s). S/he shall begin accruing seniority in the new assigned field starting from the beginning of the quarter in which s/he claims.

A faculty member who has not been notified of layoff but who accepts a position in another college shall retain system wide seniority for purposes of claiming positions in the future, salary schedule placement, and sabbaticals. Such faculty member's seniority at the new college shall be limited to the length of service in the faculty member's assigned field(s) at the new college.

If a faculty member has more than one assigned field, and his/her original assigned field is deleted from the MNSCU Policy by the MNSCU Board of Trustees, then the faculty member will be granted seniority in the second assigned field retroactive to his/her original seniority date.

Section 2. Layoffs. Layoffs of unlimited faculty members may occur only when necessary for bona fide, good and sufficient reasons. The provisions of this section of this article contained in the 1993-95 employment contract shall remain in effect until June 30, 1996. Effective July 1, 1996, the following shall apply:

Subd. 1. Order. Layoffs shall be based on inverse seniority within the assigned field/designated assignment and a faculty member shall not be laid off if a less senior faculty member in the college holds a position for which the first faculty member has greater seniority.

Probationary faculty members in the assigned field shall be terminated before any unlimited faculty member is laid off.

Unlimited part-time faculty shall be laid off based on inverse seniority within the "assigned field/designated assignment" prior to any unlimited full-time faculty member.

Subd. 2. Reasons. If a layoff is contemplated by the college administration the faculty member on the unlimited full-time seniority roster who is to be laid off shall be notified of the impending layoff no later than the twentieth (20th) class day of Fall quarter to be effective on the last day of the next spring quarter. The administration shall provide both the association and the faculty member affected a written summary of the circumstances giving cause to the layoff and of the alternatives to layoff which have been considered. If layoffs are to occur, the college administration shall meet and confer with the Association to discuss the layoffs. Such meet and confer shall be scheduled prior to the thirtieth (30th) class days of fall quarter.

Subd. 3. Meet and Confer for UPT. Unlimited part-time faculty members shall be notified in writing of impending layoff by the 30th calendar day of the quarter to be effective at the end of the subsequent two quarters and is subject to the meet and confer language contained in Article 6

The faculty member shall submit a retraining plan to the college administration. Prior to scheduling retraining activities, the faculty member shall consult with the college administration to resolve any scheduling conflicts. If the plan includes credit course work the faculty member shall provide the college administration with a copy of the fee statement. During the quarters of reassignment for retraining the faculty member is subject to assignment at the college to the percentage that the enrolled credits are fewer than nine (9) credits.

The faculty member on summer reassignment for retraining shall be compensated for no more than nine (9) credits at the pro rata salary schedule for summer session assignments pursuant to Article 11, Section 6.

This compensation is overload pay and may cause the faculty member to exceed the twenty percent (20%) limitation contained in Article 11, Section 10 of this Agreement.

During the layoff notification period, as well as through the three (3) year claiming period, a laid off unlimited full-time faculty member shall be provided with thirty-six (36) graduate credits of full tuition support at any MnSCU institution (faculty member only). Regardless of the number of credits of tuition support utilized, the tuition support shall end at the beginning of the quarter in which the faculty member begins work in a claimed unlimited full-time position.

Subd. 5. Equalization of Budget Cuts. In the case of a substantial reduction in funds available to the Board for community colleges every effort shall be made to equalize the effect of the reduction on all staff at the community colleges.

Subd. 6. Temporary Part-Time. No layoffs shall be made if the college continues to employ part-time faculty members who are providing bargaining unit work in the faculty member's assigned field(s).

Subd. 7. Claiming Period. For a period of three (3) years a laid off unlimited full-time faculty member may claim any bargaining unit vacancy in any of the Minnesota Community Colleges for which she/he meets the minimum qualifications for the assigned field of the vacancy. For a period of two (2) years a laid off unlimited part time faculty member may claim any part-time assignment at the college from which she/he is laid off and for which she/he meets the minimum qualifications for the assigned field of the vacancy. If more than one laid off faculty member claims a particular vacancy, the most senior shall receive the job.

Subd. 8. Notice of Vacancies. The chancellor's designee shall notify all unlimited full-time faculty members of all full-time vacancies within the system as soon as positions are open. The laid off faculty member who wishes to claim a vacancy must so notify the chancellor's designee within the posting period. Once a faculty member on layoff has claimed and been awarded a vacancy within the system, the claimed position may not be withdrawn.

Subd. 9. Notification to Chancellor. The laid off unlimited full-time faculty member shall file with the chancellor's designee, no later than the effective date of layoff, a statement defining the locations and minimum percentage part-time position, within the Minnesota Community Colleges, that would be accepted. Those laid off faculty members who have filed such statements shall be notified of all acceptable part-time vacancies for which they are qualified. The faculty member may reject any part-time offer with no penalty. If the faculty member claims the part-time position, the faculty member shall not forfeit any unlimited faculty member rights, shall be considered to be on the layoff list, and shall be entitled to all rights of laid off faculty members.

Subd. 10. Reinstatement of Position. If a faculty member has claimed a position within the community college system as provided for in this section, and the faculty member's original position is reinstated, said faculty member shall have the first right to reclaim such position.

Subd. 11. Consultation. The Minnesota State Colleges and Universities System shall provide upon request consultation on retraining and transfer for faculty members who have received layoff notices.

Subd. 12. Multiple Assigned Fields. A faculty member who has more than one assigned field may be by-passed for the purpose of layoff, when she/he has adequate seniority in another assigned field(s) and

sufficient work load is available in such field(s) to retain full-time employment. When this occurs, the faculty member may not be assigned to teach in the assigned field where the layoff occurred until such time that the laid off faculty member has claimed another full-time unlimited position, had his/her layoff rescinded, resigned, or had his/her 3 year claiming rights expire, whichever comes first. When the more senior faculty member has provided notification of intent to claim part-time vacancies pursuant to Subd. 9 above, she/he shall be offered all available assignments for which she/he is-qualified prior to the assignment of the less senior faculty member who was by-passed. If the more senior laid off faculty member rejects an offer to claim such assignments, the by-passed faculty member may be reassigned in that field(s). The by-passed faculty member shall not be eligible for re-training as provided in Subd. 4 above. In the event it is later determined by the administration that a layoff is needed in the by-passed faculty member's other assigned fields(s) and that faculty member is given the layoff notice, any grievance appeal of such layoff shall be limited to the current circumstances in that assigned field.

Subd. 13. Claiming Vacant Positions. Faculty members wishing to claim or reserve a vacant position must notify the chancellor or designee of their intent to do so in writing with in thirty (30) days of the posting. In order to claim vacant positions, faculty members must either hold the assigned field of the vacancy or meet the minimum qualifications for the assigned field (see appendix C) of the vacancy or enter into an agreement with the employer on an approved retraining plan. This plan must be designed to meet minimum qualifications for a posted vacancy. For the purpose of this section, minimum qualification are those contained in the policy for Assigned Fields and Minimum qualifications on July 1, 1995. Reservations may be made at any time during the notice period or during the three (3) year claiming period.

Faculty members are limited to reserving a single position. If there are multiple reservations made for a single position, the faculty member with the greatest community college system seniority shall be awarded the reservation. A faculty member whose reservation is nullified by a more senior claimant retains the right to reserve a different position. The reservation is null and void if the retraining plan is not successfully completed within one year.

Faculty members may not claim activity assignments. At the discretion of the administration, faculty members can be reassigned or laid off from activity assignments without cancellation of the assignment. A student activity assignment shall not be considered an assigned field/designated assignment.

1. **Notification.** The chancellor or designee shall distribute vacancy notices to the colleges for posting on the official bulletin board simultaneous with any external advertisements or postings. Copies shall also be sent to local faculty association chapter presidents and Association president or designee. No unlimited full-time position shall be filled until at least fourteen (14) calendar days have elapsed after posting at the college, unless the chancellor and the Association president have mutually agreed to an exception.

ARTICLE 24

GRIEVANCE PROCEDURE

Section 1. Complaints. A complaint is an informal claim by a faculty member, or group of faculty members in the bargaining unit or by the local association of alleged improper, unfair, arbitrary or discriminatory treatment. A complaint may constitute a grievance, if not mutually resolved and if the complaint falls within the definition of a grievance. Complaints shall be processed only through the informal procedure for handling complaints as herein set forth.

Section 2. Informal Procedure for Handling Complaints. Any faculty member in the bargaining unit either with or without the Association grievance representative on the campus may informally discuss a complaint on behalf of him/her self or other faculty members with the appropriate college administrator. Any settlement, withdrawal, or disposition of a complaint at this informal stage shall not constitute a binding precedent in the settlement of (similar) complaints or grievances. No complaint can become a grievance until it has gone through the informal procedure for handling complaints.

Section 3. Grievances. A grievance is defined as a dispute or disagreement raised in writing by a faculty member or the Association against the employer involving the interpretation or application of the specific provisions of this Contract, or application of a rule or regulation affecting terms and conditions of employment in other than a uniform manner or other than in accord with the provision of the rule or regulation. No reprisals of any kind shall be taken against a faculty member for participating in a grievance.

Section 4. Grievance Steps.

Step 1. If a complaint, which has gone through the informal procedure for handling complaints and has not been resolved at that level, falls within the definition of a grievance it may become a grievance. A grievance may be filed on the official grievance form supplied by the employer. No grievance shall be entertained or processed unless it is submitted within twenty (20) working days after the first occurrence of the event giving rise to the grievance, or within twenty (20) working days after the faculty member through the use of reasonable diligence should have obtained knowledge of the first occurrence of the event giving rise to the grievance. If such event occurs during the summer when the faculty member involved is not on duty, the first day shall be deemed to be the first day of duty in the succeeding academic year. The written grievance signed by both the faculty member and the Association grievance representative on the campus in the individual faculty member grievances, and the Association grievance representative on the campus alone in Association grievances, shall set forth the nature of the grievance, the facts on which it is based, the alleged violation, and the relief requested. The college president or designee shall discuss the grievance within five (5) working days with the Association grievance representative on the campus at a time mutually agreeable to the parties. If the grievance is settled as a result of such meeting, (not necessarily at the meeting, may be after the meeting), the settlement shall be reduced to writing and signed by the college president or designee and the Association grievance representative on the campus. If no settlement is reached, the college president or designee shall give the employer's written answer to the Association grievance representative on campus within five (5) working days following their meeting and shall also forward a copy to the chancellor's designee. A grievance, for action which does not occur at the college where the grievant is employed, shall begin at step 2 of the grievance procedure.

Step 2. If the grievance is not settled in Step 1 and the Association desires to appeal, it shall be referred by the Association in writing to the chancellor's designee within fifteen (15) working days after the designated college president's answer in Step 1 is due. A meeting or discussion between the chancellor's designee and

the Association representative shall be held within fifteen (15) working days at a time mutually agreeable to the parties. If the grievance is settled as a result of such meeting, the settlement shall be reduced to writing and signed by the chancellor's designee and the Association representative. If no settlement is reached, the chancellor or designee shall give the employer's written answer to the Association within fifteen (15) working days following the meeting.

Step 3. If the grievance is not settled in accordance with the foregoing procedure, the Association may appeal the grievance to arbitration within ten (10) working days after the answer of the chancellor's designee in Step 2 by serving written notice of the appeal to the Chancellor's designee. The parties may convene a joint committee to discuss any grievance that has been appealed to arbitration. The committee shall consist of four (4) persons appointed by the Association and four (4) persons appointed by the Chancellor. Meetings shall be scheduled as needed at the request of the Association, but no more than one (1) each month. The Association representative and/or chancellor's designee may also request grievance mediation prior to arbitration.

Arrowhead. The complaint and Step 1 stages of the grievance procedure above shall be implemented at the college level for actions or decisions made at the college level. The complaint and Step 1 stages shall be implemented at the regional level for actions and decisions made at the A.C.C.R. level. The employer shall clearly define where such actions or decisions are made.

Section 5. Arbitration Panel. The arbitration proceeding shall be conducted by an arbitrator to be selected by lot from a permanent panel of three (3) arbitrators. The members of the permanent panel shall be selected by the following method: the Association and the Chancellor's designee shall each submit a list of 3 arbitrators until agreement is reached on a permanent panel. Vacancies on the panel that arise during the term of this agreement shall be filled by mutual agreement or by each party submitting lists of three arbitrators, until a replacement is agreed upon.

Section 6. Arbitrators' Authority. The arbitrator shall have no right to amend, modify, nullify, ignore, add to or subtract from the provisions of this Contract. The arbitrator shall consider and decide only the specific issue submitted in writing by the employer and the Association, and shall have no authority to make a decision on any other issue not so submitted. The arbitrator shall be without power to make decisions contrary to or inconsistent with or modifying or varying in any way the application of laws and rules and (regulations having the force and effect of law.) The arbitrator shall submit in writing the decision within thirty (30) days following close of the hearing or the submission of briefs by the parties, whichever is later, unless the parties agree to an extension thereof. The decision shall be based solely upon the interpretation or application of the express terms of this Contract and to the facts of the grievance presented. The decision of the arbitrator shall be final and binding on the employer, the Association, and the faculty members.

The fees and expenses of the arbitrator shall be divided equally between the employer and the Association provided, however, that each party shall be responsible for compensating its own representatives and witnesses.

Section 7. Time Limits. If a grievance is not presented within the time limits set forth above, it shall be considered "waived." If a grievance is not appealed to the next step within the specific time limit or any agreed extension thereof, it shall be considered settled on the basis of the employer's last answer. If the employer does not answer a grievance or an appeal thereof within the specific time limits, the Association may elect to treat the grievance as denied at that step and immediately appeal the grievance to the next step. The time limit in each step, except the time limit for filing the grievance in Step 1, may be extended

by mutual written agreement of the employer and the Association, in each step, which extension shall not be unduly withheld by either party. The term "working days" as used in this article shall mean the days Monday through Friday excluding holidays, and excluding calendar breaks of the academic year.

Section 8. Evidence. There shall be no withholding of evidence or information within the knowledge of either party at any step of the proceedings.

ARTICLE 25

AMERICANS WITH DISABILITIES ACT

Section 1. Purpose. The Association and the Employer agree that they have a joint obligation to comply with the Americans with Disabilities Act (ADA). The Association and the Employer agree that they have the obligation to consider accommodation requests from qualified disabled individuals.

In the event that accommodations request(s) raise conflicts with the collective bargaining agreement, the Employer and the Association shall follow the procedures in Section 2.

Section 2. Process. Both parties recognize their responsibility to respect the privacy and confidentiality of employees. Upon request, an employee seeking an accommodation shall be entitled to Association representation. The Employer shall review employee requests for accommodations considering options such as equipment purchase or modification, accessibility improvement, scheduling modifications and/or restructuring of current positions and duties which are allowable under the collective bargaining agreement, before requesting waiver of any provision of the collective bargaining agreement.

If the Employer determines that contract waiver is necessary, it shall Meet and Confer with the Association. At this meeting, the Employer shall inform the Association of the employee's restriction(s) subject to each party's confidentiality obligations, the specific article(s) to be waived and the manner in which the Employer proposes to modify that article(s). The Employer shall also consider additional options presented by the Association. Any contract waiver must be agreed to by both the Employer and the Association. Between the Meet and Confer and notification to the Employer of the Association's decision concerning waiver, the Employer may make any temporary accommodations.

ARTICLE 26

COMPLETE AGREEMENT AND WAIVER

The parties acknowledge that, during the negotiations which resulted in the Contract, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Contract. Therefore, the employer and the Association, for the life of this Contract, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter referred to or covered in this Contract.

It is understood by the parties that this Contract and any attached memoranda of agreement are the entire agreement and conclude negotiations for the 1995-97 biennium and that this contract must be submitted to the Minnesota legislature for approval. Accordingly, both parties pledge their complete and active support toward early affirmative action by the Legislature.

Concurrently, the parties further agree not to support or seek to modify, its terms through legislative action which would alter the express provisions of this Contract.

ARTICLE 27

The employer agrees to consult with the Association regarding such legislation before it is introduced in the legislature. The employer agrees to consult with the Association regarding such rule changes.

ARTICLE 28
SAVINGS CLAUSE

This Contract is intended to be in conformity with all valid federal and state laws and rules and regulations. In the event that any provision of this contract is found to be unlawful by court or other authority having jurisdiction, then such provision shall be inoperative, but all other valid provisions shall remain in full force and effect. Where a provision which has been rendered inoperative by this Article subsequently becomes legal as a result of a modification of federal and state laws during the term of this contract or extension thereof the operation of such provision shall be renewed.

If the implementation of any provision of this Contract is rendered unlawful by wage and price controls promulgated by valid federal and state law, rules and regulations thereof, or by executive order, then only the specific provisions rendered unlawful shall be invalid and the remainder of this Contract shall continue in full force and effect for its term. Provided, however, any provision of this Contract so rendered unlawful shall be implemented at such time, in such amounts and for such periods, retroactively and prospectively, as will be permitted by law at any time during the term of this Contract or extension thereof.

This Contract supercedes all Board policy and rules and regulations that are inconsistent with it.

APPENDIX C

MINIMUM QUALIFICATIONS FOR ASSIGNED FIELDS AND CLAIMING

(This listing of assigned fields is provided for informational purposes only and is subject to change in accordance with MnSCU Board policy.)

Section 1. Designation of Assigned Fields/Designated Assignments and Minimum Qualifications for Faculty.

The college president or designee shall certify the initial assigned field of an instructor, counselor, or librarian at the time of placement on payroll. That assigned field must correspond to the faculty member's major assignment. An additional assigned field may be approved by the Chancellor or designee when the faculty member meets the criteria defined in Article 18, Section 2 of this Contract.

Generally, the liberal arts and sciences fields have the minimum qualification of a master's degree, while the occupational fields meet two criteria: a bachelor's degree plus a minimum of one year of work experience at the professional level. Where appropriate, faculty members with occupational assigned fields would also need to meet qualifications for accreditation, certifications or licensure.

An assigned field should be created only if a program (discipline) includes 15 or more credits of coursework to be taught annually at the college, such courses to be unique to the area of specialty.

If a program which is new to the System is established by the Board, the administration of the college, following consultation with faculty, should recommend the minimum qualifications for instruction in that program. If these qualifications are the same as those already established for a similar program, then no new assigned field would be created.

Whenever an assigned field(s) is combined or replaced, seniority in the new assigned field will be retroactive to the effective date of seniority in the previous (replaced) assigned field.

Part-Time and/or temporary employees who become unlimited will be evaluated for an assigned field designation, effective at the time of their unlimited appointment.

Where career programs list a Bachelor's degree as minimum qualifications, a Master's degree with a major in the assigned field or with 23 graduate credits in the assigned field will be an acceptable alternate.

Subject: Task Force to Study Summer Session and Distance Learning

This is to confirm our understanding during our recent negotiations regarding the task forces which will be formed to study summer session and distance learning issues in the community colleges.

The summer session task force will be composed of four representatives identified by the MCCFA and four administrative representatives. Its purpose will be to study the delivery and cost effectiveness of summer session, alternative approaches to offering summer session courses, faculty responsibilities during the summer session, and rates of compensation for summer session assignments. The task force will provide recommendations to MnSCU and the Association by December 31, 1996.

The distance learning task force will be similarly constituted, with four representatives each from the MCCFA and the MnSCU administration. Each party will identify its representatives. Topics for consideration will include distance learning, other forms of technology-based instruction, credit loads and compensation rates. This task force will also provide recommendations to MnSCU and the Association by December 31, 1996.

As you know, the purpose of these groups will be to make recommendations only. They are not authorized to bargain terms and conditions of employment.

Please contact me with the names of your representatives for these groups and I will work with other members of the MnSCU staff to make necessary arrangements.
